**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**(UNAUDITED)**

**NOTE 1 – BASIS OF PRESENTATION**

**Preparation of Interim Financial Statements**

The accompanying consolidated financial statements were prepared by Clear Channel Communications, Inc. (the “Company”) pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”) and, in the opinion of management, include all normal and recurring adjustments necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods are not necessarily indicative of results for the full year. The financial statements contained herein should be read in conjunction with the consolidated financial statements and notes thereto included in the Company’s 2012 Annual Report on Form 10-K.

The consolidated financial statements include the accounts of the Company and its subsidiaries. Also included in the consolidated financial statements are entities for which the Company has a controlling financial interest or is the primary beneficiary. Investments in companies in which the Company owns 20 percent to 50 percent of the voting common stock or otherwise exercises significant influence over operating and financial policies of the Company are accounted for under the equity method. All significant intercompany transactions are eliminated in the consolidation process. Certain prior-period amounts have been reclassified to conform to the 2013 presentation.

**Information Regarding the Company**

The Company is a Texas corporation with all of its common stock being held by Clear Channel Capital I, LLC (the “Parent Company”). All of the Parent Company’s interests are held by Clear Channel Capital II, LLC, a direct, wholly-owned subsidiary of CC Media Holdings, Inc. (“CCMH”). CCMH was formed in May 2007 by private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the “Sponsors”) for the purpose of acquiring the business of the Company.

**Omission of Per Share Information**

Net loss per share information is not presented as the Parent Company owns 100% of the Company’s common stock. The Company does not have any publicly traded common stock or potential common stock.

**Adoption of New Accounting Standards**

During the first quarter of 2013, the Company adopted the Financial Accounting Standards Board's ("FASB") ASU No. 2013-02, *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income*. The amendments are effective for fiscal years (and interim periods within) beginning after December 15, 2012 and sets requirements for presenting information about amounts reclassified out of accumulated other comprehensive income and their corresponding effect on net income. Substantially all of the information required to be disclosed under this amendment are required to be disclosed elsewhere in the financial statements under U.S. GAAP. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

**CLEAR CHANNEL COMMUNICATIONS, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)**

During the first quarter of 2013, the FASB issued ASU No. 2013-04, *Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation Is Fixed at the Reporting Date*. This update provides guidance for the recognition, measurement and disclosure of obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date. The amendments are effective for fiscal years (and interim periods within) beginning after December 15, 2013 and are to be applied retrospectively to all prior periods presented for such obligations that exist at the beginning of an entity's fiscal year of adoption. Early adoption is permitted however the Company plans to adopt the standard on a retrospective basis for the first quarter of 2014 for any existing obligations within the scope of this update. The Company is currently evaluating the guidance to determine the potential impact, if any, the adoption may have on its financial results and disclosures.

During the first quarter of 2013, the FASB issued ASU No. 2013-05, *Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity of an Investment in a Foreign Entity*. The amendments are effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013 and provide clarification guidance for the release of the cumulative translation adjustment under the current U.S. GAAP. Early adoption is permitted however the Company plans to adopt the standard for the first quarter of 2014. The Company is currently evaluating the guidance to determine the potential impact, if any, the adoption may have on its financial results and disclosures.

### **Indefinite-lived Intangible Assets**

The Company's indefinite-lived intangible assets consist of Federal Communications Commission ("FCC") broadcast licenses in its Media and Entertainment ("CCME") segment and billboard permits in its Americas outdoor advertising segment. Due to significant differences in both business practices and regulations, billboards in the International outdoor advertising segment are subject to long-term, finite contracts unlike the Company's permits in the United States and Canada. Accordingly, there are no indefinite-lived intangible assets in the International outdoor advertising segment.

### **Other Intangible Assets**

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets include primarily transit and street furniture contracts, talent and representation contracts, customer and advertiser relationships, and site-leases, all of which are amortized over the respective lives of the agreements, or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived intangible assets. These assets are recorded at cost.

In the Note Exchange, \$348.1 million aggregate principal amount of Outstanding Cash Pay Notes was exchanged for \$348.0 million aggregate principal amount of the Senior Notes due 2021, and \$917.2 million aggregate principal amount of Outstanding Toggle Notes was exchanged for \$853.0 million aggregate principal amount of Senior Notes due 2021 and \$64.2 million of cash, plus, in each case, cash in an amount equal to accrued and unpaid interest from the last interest payment date applicable on the Outstanding Notes to, but not including, the closing date of the Note Exchange. The Senior Notes due 2021 mature on February 1, 2021. Interest on the Senior Notes due 2021 is payable semi-annually on February 1 and August 1 of each year, commencing August 1, 2013.

Interest on the Senior Notes due 2021 will be paid at the rate of (i) 12.0% per annum in cash and (ii) 2.0% per annum through the issuance of payment-in-kind notes (the “PIK Notes”). Any PIK Notes issued in certificated form will be dated as of the applicable interest payment date and will bear interest from and after such date. All PIK Notes issued will mature on February 1, 2021 and have the same rights and benefits as the Senior Notes due 2021. The Senior Notes due 2021 are fully and unconditionally guaranteed on a senior basis by the guarantors named in the indenture governing such notes. The guarantee is structurally subordinated to all existing and future indebtedness and other liabilities of any subsidiary of the applicable subsidiary guarantor that is not also a guarantor of the Senior Notes due 2021.

The Company may redeem or purchase the Senior Notes due 2021 at its option, in whole or in part, at any time prior to August 1, 2015, at a redemption price equal to 100% of the principal amount of Senior Notes due 2021 redeemed plus an applicable premium. In addition, until August 1, 2015, the Company may, at its option, on one or more occasions, redeem up to 60% of the then outstanding aggregate principal amount of Senior Notes due 2021 at a redemption price equal to (x) with respect to the first 30% of the then outstanding aggregate principal amount of the Senior Notes due 2021, 109.0% of the aggregate principal amount thereof and (y) with respect to the next 30% of the then outstanding aggregate principal amount of the Senior Notes due 2021, 112.0% of the aggregate principal amount thereof, in each case plus accrued and unpaid interest thereon to the applicable redemption date. The Company may redeem the Senior Notes due 2021, in whole or in part, on or after August 1, 2015, at the redemption prices set forth in the indenture plus accrued and unpaid interest to the redemption date.

The indenture governing the Senior Notes due 2021 contains covenants that limit the Company’s ability and the ability of its restricted subsidiaries to, among other things: (i) incur additional indebtedness or issue certain preferred stock;

(ii) pay dividends on, or make distributions in respect of, their capital stock or repurchase their capital stock; (iii) make certain investments or other restricted payments; (iv) sell certain assets; (v) create liens or use assets as security in other transactions; (vi) merge, consolidate or transfer or dispose of substantially all of their assets; (vii) engage in transactions with affiliates; and (viii) designate their subsidiaries as unrestricted subsidiaries.

The 11.25% Priority Guarantee Notes are the Company's senior obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior basis by the guarantors named in the indenture governing such notes. The Company may redeem the 11.25% Priority Guarantee Notes, in whole or in part, on or after March 1, 2016, at the redemption prices set forth in the indenture plus accrued and unpaid interest to the redemption date.

The indenture governing the 11.25% Priority Guarantee Notes contains covenants that limit the Company's ability and the ability of its restricted subsidiaries to, among other things: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) transfer or sell assets; (iv) engage in certain transactions with affiliates; (v) create restrictions on dividends or other payments by the restricted subsidiaries; and (vi) merge, consolidate or sell substantially all of the Company's assets. The indenture contains covenants that limit the Parent Company's and the Company's ability and the ability of its restricted subsidiaries to, among other things: (i) create liens on assets and (ii) materially impair the value of the security interests taken with respect to the collateral for the benefit of the notes collateral agent and the holders of the 11.25% Priority Guarantee Notes. The indenture also provides for customary events of default.

**Debt Repayments, Maturities and Other**

During the second quarter of 2013, the Company exchanged \$348.1 million aggregate principal amount of Outstanding Cash Pay Notes for \$348.0 million aggregate principal amount of the Senior Notes due 2021, and \$917.2 million aggregate principal amount of Outstanding Toggle Notes (including \$452.7 million aggregate principal amount held by a subsidiary of the Company) for \$853.0 million aggregate principal amount of Senior Notes due 2021 (including \$421.0 million aggregate principal amount issued to a subsidiary of the Company) and \$64.2 million of cash (including \$31.7 million of cash paid to the subsidiary of the Company), pursuant to the Note Exchange. During the first quarter of 2013, the Company repaid its 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount repaid to a subsidiary of the Company with respect to notes repurchased and held by such entity), plus accrued interest, using cash on hand.

The Company recorded a loss of \$3.9 million in "Loss on extinguishment of debt" related to the accelerated expensing of

loan fees.

#### **NOTE 4 – SUPPLEMENTAL DISCLOSURES**

##### **Divestiture Trusts**

The Company owns certain radio stations which, under current FCC rules, are not permitted to be owned or transferred to another Clear Channel entity. These radio stations were placed in a trust in order to comply with FCC rules at the time of the closing of the merger that resulted in the Parent Company's acquisition of the Company. The Company is the beneficial owner of the trust, but the radio stations are managed by an independent trustee. The Company will have to divest all of these radio stations unless any stations may be owned by the Company under then-current FCC rules, in which case the trust will be terminated with respect to such stations. The trust agreement stipulates that the Company must fund any operating shortfalls of the trust activities, and any excess cash flow generated by the trust is distributed to the Company. The Company is also the beneficiary of proceeds from the sale of stations held in the trust. The Company consolidates the trust in accordance with ASC 810-10, which requires an enterprise involved with variable interest entities to perform an analysis to determine whether the enterprise's variable interest or interests give it a controlling financial interest in the variable interest entity, as the trust was determined to be a variable interest entity and the Company is its primary beneficiary.

**CLEAR CHANNEL COMMUNICATIONS, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)****Income Tax Benefit (Expense)**

The Company's income tax benefit (expense) for the three and six months ended June 30, 2013 and 2012, respectively, consisted of the following components:

<i>(In thousands)</i>	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Current tax benefit (expense)	\$ (28,128)	\$ (16,481)	\$ (38,794)	\$ 42,479

Income tax benefit (expense)	\$ (11,477)	\$ 8,663	\$ 84,848	\$ 166,061

The effective tax rates for the three and six months ended June 30, 2013 were 36.5% and 31.0%, respectively. The effective tax rates for the three months and six months ended June 30, 2013 were primarily impacted by the cancellation of indebtedness income recognized during the periods and the Company's inability to record tax benefit on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years.

The effective tax rates for the three and six months ended June 30, 2012 were 23.8% and 48.6%, respectively. The effective tax rate for the three months ended June 30, 2012 was primarily impacted by the Company's inability to record tax benefits for tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future periods. The effective tax rate for the six months ended June 30, 2012 was primarily impacted by the completion of income tax examinations in various jurisdictions during the period which resulted in a reduction to income tax expense of approximately \$61.0 million.

**Supplemental Cash Flow Information**

During the six months ended June 30, 2013 and 2012, cash paid for interest and income taxes, net of income tax refunds of \$1.3 million and \$0.9 million, respectively, was as follows:

**NOTE 5 – FAIR VALUE MEASUREMENTS**

The Company's marketable equity securities and interest rate swap are measured at fair value on each reporting date.

**Marketable Equity Securities**

The marketable equity securities are measured at fair value using quoted prices in active markets. Due to the fact that the inputs used to measure the marketable equity securities at fair value are observable, the Company has categorized the fair value measurements of the securities as Level 1 in accordance with ASC 820-10-35. The Company records its investments in these marketable equity securities on the balance sheet as "Other assets."

The cost, unrealized holding gains or losses, and fair value of the Company's investments at June 30, 2013 and December 31, 2012 are as follows:

During the second quarter of 2013, the Company sold its shares of Sirius XM Radio, Inc. for \$135.5 million, recognizing a gain on the sale of securities of \$130.9 million.

**Interest Rate Swap Agreement**

The Company's \$2.5 billion notional amount interest rate swap agreement is designated as a cash flow hedge and the effective portion of the gain or loss on the swap is reported as a component of other comprehensive income (loss). Ineffective portions of a cash flow hedging derivative's change in fair value are recognized currently in earnings. In accordance with ASC 815-20-35-9, as the critical terms of the swap and the floating-rate debt being hedged were the same at inception and remained the same during the current period, no ineffectiveness was recorded in earnings for the three and six months ended June 30, 2013.

The Company entered into the swap to effectively convert a portion of its floating-rate debt to a fixed basis, thus reducing the impact of interest rate changes on future interest expense. The interest rate swap agreement matures September 30, 2013.

The Company continually monitors its positions with, and credit quality of, the financial institution which is counterparty to its interest rate swap. The Company may be exposed to credit loss in the event of nonperformance by the counterparty to the interest rate swap. However, the Company considers this risk to be low. If a derivative instrument no longer qualifies as a cash flow hedge, hedge accounting is discontinued and the gain or loss that was recorded in other comprehensive income is recognized in earnings.

The swap agreement is valued using a discounted cash flow model that takes into account the present value of the future cash flows under the terms of the agreement by using market information available as of the reporting date, including prevailing interest rates and credit spread. Due to the fact that the inputs are either directly or indirectly observable, the Company classified the fair value measurements of its swap agreement as Level 2 in accordance with ASC 820-10-35.

The fair value of the Company's \$2.5 billion notional amount interest rate swap designated as a hedging instrument and recorded in "Other current liabilities" was \$27.4 million and \$76.9 million at June 30, 2013 and December 31, 2012, respectively.

The following table details the beginning and ending accumulated other comprehensive loss and the current period activity related to the interest rate swap agreement:

### NOTE 6 – COMMITMENTS, CONTINGENCIES AND GUARANTEES

The Company and its subsidiaries are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of

the Company's strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.

Although the Company is involved in a variety of legal proceedings in the ordinary course of business, a large portion of the Company's litigation arises in the following contexts: commercial disputes; defamation matters; employment and benefits related claims; governmental fines; intellectual property claims; and tax disputes.

**Stockholder Litigation**

Two derivative lawsuits were filed in March 2012 in Delaware Chancery Court by stockholders of Clear Channel Outdoor Holdings, Inc. ("CCOH"), an indirect non-wholly owned subsidiary of the Company. The consolidated lawsuits are captioned *In re Clear Channel Outdoor Holdings, Inc. Derivative Litigation*, Consolidated Case No. 7315-CS. The complaints name as defendants certain of the Company's and CCOH's current and former directors and the Company, as well as Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. CCOH also is named as a nominal defendant. The complaints allege, among other things, that in December 2009, the Company breached fiduciary duties to CCOH and its stockholders by allegedly requiring CCOH to agree to amend the terms of a revolving promissory note payable by the Company to CCOH to extend the maturity date of the note and to amend the interest rate payable on the note. According to the complaints, the terms of the amended promissory note were unfair to CCOH because, among other things, the interest rate was below market. The complaints further allege that the Company was unjustly enriched as a result of that transaction. The complaints also allege that the director defendants breached fiduciary duties to CCOH in connection with that transaction and that the transaction constituted corporate waste. On April 4, 2012, the board of directors of CCOH formed a special litigation committee consisting of certain independent directors (the "SLC") to review and investigate plaintiffs' claims and determine the course of action that serves the best interests of CCOH and its stockholders. On March 28, 2013, to avoid the costs, disruption and distraction of further litigation, and without admitting the validity of any allegations made in the complaint, legal counsel for the defendants entered into a binding memorandum of understanding (the "MOU") with legal counsel for the SLC and the plaintiffs to settle the litigation. The MOU obligated the parties to use their best efforts to prepare a Stipulation of Settlement reflecting the terms of the MOU and present such Stipulation of Settlement to the Delaware Chancery Court for approval. On July 8, 2013, the parties executed the Stipulation of Settlement, on terms consistent with the MOU, and presented the Stipulation of Settlement to the Delaware Chancery Court for approval. On July 9, 2013, the Delaware Chancery Court scheduled a Settlement Hearing, which will be held on September 9, 2013 in the Delaware Chancery Court, for the purposes of determining, among other things, whether the settlement is fair, reasonable, adequate, and in the best interests of CCOH and its stockholders. Unless and until the Delaware Chancery Court approves of the settlement, no assurance can be provided that the parties will be able to resolve the outstanding litigation as contemplated by the Stipulation of Settlement. The Company and CCOH filed the Stipulation of Settlement with the SEC as an exhibit to their respective Current Reports on Form 8-K filed on July 9, 2013.

### **Los Angeles Litigation**

In 2008, Summit Media, LLC, one of the Company's competitors, sued the City of Los Angeles, Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties. Pursuant to the settlement agreement, Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays pursuant to modernization permits issued through an administrative process of the City. The Los Angeles Superior Court ruled in January 2010 that the settlement agreement constituted an ultra vires act of the City and nullified its existence, but did not invalidate the modernization permits issued to Clear Channel Outdoor, Inc. and CBS. All parties appealed the ruling by the Los Angeles Superior Court to Court of Appeal for the State of California, Second Appellate District, Division 8. On December 10, 2012, the Court of Appeal issued an order upholding the Superior Court's finding that the settlement agreement was ultra vires and remanding the case to the Superior Court for the purpose of invalidating the modernization permits issued to Clear Channel Outdoor, Inc. and CBS for the digital displays that were the subject of the settlement agreement. On January 22, 2013, Clear Channel Outdoor, Inc. filed a petition with the California Supreme Court requesting its review of the matter, and the Supreme Court denied that petition on February 27, 2013. On April 12, 2013, the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. and 13 issued to CBS and ordered that the companies turn off the electrical power to affected digital displays by the close of business on April 15, 2013. Clear Channel Outdoor, Inc. has complied with the order. On April 16, 2013, the Court conducted further proceedings during which it held that it was not invalidating two additional digital modernization permits that Clear Channel Outdoor, Inc. had secured through a special zoning plan and confirmed that its April 12 order invalidated only digital modernization permits – no other types of permits the companies may have secured for the signs at issue. Summit Media, LLC has filed a further motion requesting that the Court order the demolition of the 82 sign structures on which the now-invalidated digital signs operated. The motion is scheduled to be heard on September 16, 2013.

## **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

### **Format of Presentation**

Management's discussion and analysis of our financial condition and results of operations ("MD&A") should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on both a consolidated and segment basis. All references in this Quarterly Report on Form 10-Q to "we," "us" and "our" refer to Clear Channel Communications, Inc. and its consolidated subsidiaries. Our reportable segments are Media and Entertainment ("CCME"), Americas outdoor advertising ("Americas outdoor" or "Americas outdoor advertising") and International outdoor advertising ("International outdoor" or "International outdoor advertising"). Our CCME segment provides media and entertainment services via broadcast and digital delivery and also includes our national syndication business. Our Americas outdoor and International outdoor segments provide outdoor advertising services in their respective geographic regions using various digital and traditional display types. Included in the "Other" category are our media representation business, Katz Media Group, as well as other general support services and initiatives, which are ancillary to our other businesses. Certain prior-period amounts have been reclassified to conform to the 2013 presentation.

We manage our operating segments primarily focusing on their operating income, while Corporate expenses, Other operating income (expense), net, Interest expense, Gain on marketable securities, Equity in earnings of nonconsolidated affiliates, Other income (expense), net and Income tax benefit are managed on a total company basis and are, therefore, included only in our discussion of consolidated results.

Our CCME business utilizes several key measurements to analyze performance, including average minute rates and minutes sold. Our CCME revenue is derived primarily from selling advertising time, or spots, on our radio stations, with advertising contracts typically less than one year in duration. The programming formats of our radio stations are designed to reach audiences with targeted demographic characteristics that appeal to our advertisers. We also provide streaming content via the Internet, mobile and other digital platforms which reach national, regional and local audiences and derive revenues primarily from selling advertising time with advertising contracts similar to those used by our radio stations.

Management typically monitors our Americas outdoor and International outdoor advertising businesses by reviewing the average rates, average revenue per display, occupancy and inventory levels of each of our display types by market. Our outdoor advertising revenue is derived from selling advertising space on the displays we own or operate in key markets worldwide, consisting primarily of billboards, street furniture and transit displays. Part of our long-term strategy for our Americas outdoor and International outdoor advertising businesses is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as additions to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets.

Our advertising revenue for all of our segments is highly correlated to changes in gross domestic product (“GDP”) as advertising spending has historically trended in line with GDP, both domestically and internationally. According to the U.S. Department of Commerce, estimated U.S. GDP growth for the second quarter of 2013 was 1.7%. Internationally, our results are impacted by fluctuations in foreign currency exchange rates and economic conditions in the foreign markets in which we have operations.

## Executive Summary

The key developments in our business for the three and six months ended June 30, 2013 are summarized below:

- Consolidated revenue increased \$15.6 million including an increase of \$1.8 million from movements in foreign exchange during the three months ended June 30, 2013, and decreased \$2.1 million including an increase of \$0.9 million from movements in foreign exchange during the first six months of 2013 compared to the same periods of 2012. Excluding foreign exchange impacts and the \$9.2 million and \$17.5 million impact of our divestiture of our international neon business for the three month and six month periods of 2012, respectively, consolidated revenue increased \$23.0 million and \$14.5 million, respectively, over the comparable three-month and six-month periods of 2012.
- CCME revenue increased \$12.6 million during the three months ended June 30, 2013 compared to the same period of 2012 driven by increased digital and national sales. CCME revenue decreased \$2.4 million during the six months ended June 30, 2013 compared to the same period of 2012 driven by contract losses in our traffic revenues partially offset by increased digital and national sales.
- Americas outdoor revenue increased \$14.3 million and \$20.7 million during the three and six months ended June 30, 2013, respectively, compared to the same periods of 2012 due primarily to increased sales capacity, rate, and occupancy from our digital and traditional product lines.

- International outdoor revenue decreased \$8.8 million and \$16.2 million including increases of \$1.9 million and \$1.1 million from movements in foreign exchange during the three and six months ended June 30, 2013, respectively, compared to the same periods of 2012. Excluding foreign exchange impacts and the \$9.2 million and \$17.5 million impact of our divestiture of our international neon business for the three and six month periods of 2012, respectively, revenue decreased \$1.5 million and increased \$0.2 million, respectively, over the comparable three-month and six-month periods of 2012. Continued weakened macro-economic conditions in Europe were partially offset by growth in other markets.
- Revenues in our Other category declined \$3.0 million and \$5.5 million during the three months and six months ended June 30, 2013, respectively, compared to the same periods of 2012 primarily due to reduced political advertising.
- During the second quarter of 2013, we spent \$14.1 million on strategic revenue and cost-saving initiatives to realign and improve our on-going business operations—a decrease of \$1.0 million compared to the second quarter of 2012. For the six months ended June 30, 2013, we spent \$22.9 million on strategic revenue and cost-saving initiatives—a decrease of \$7.7 million compared to the same period of 2012.
- During the first quarter of 2013, we issued \$575.0 million aggregate principal amount of 11.25% priority guarantee notes due 2021 (the “11.25% Priority Guarantee Notes”). Using the proceeds from the 11.25% Priority Guarantee Notes issuance along with borrowings under our receivables based credit facility of \$269.5 million and cash on hand, we prepaid all \$846.9 million outstanding under our Term Loan A under our senior secured credit facility.
- During the first quarter of 2013, we repaid our 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount repaid to one of our subsidiaries with respect to notes repurchased and held by such entity), plus accrued interest, using cash on hand.
- During the second quarter of 2013, we amended our senior secured credit facility by extending \$5.0 billion aggregate principal amount of Term Loan B facility and Term Loan C facility under our senior secured credit facility through the creation of a new Term Loan D facility due January 30, 2019.
- During the second quarter of 2013, we completed an exchange offer (the “Note Exchange”) with certain holders of our 10.75% Senior Cash Pay Notes due 2016 (the “Outstanding Cash Pay Notes”) and 11.00%/11.75% Senior Toggle Notes due 2016 (the “Outstanding Toggle Notes”) and collectively with the Outstanding Cash Pay Notes, the “Outstanding Notes”) pursuant to which \$348.1 million aggregate principal amount of Outstanding Cash Pay Notes was exchanged for \$348.0 million aggregate principal amount of 14.00% Senior Notes due 2021 (the “Senior Notes due 2021”), and \$917.2 million aggregate principal amount of Outstanding Toggle Notes (including \$452.7 million aggregate principal amount held by one of our subsidiaries) was exchanged for \$853.0 million aggregate principal amount of Senior Notes due 2021 (including \$421.0 million aggregate principal amount issued to one of our subsidiaries) and \$64.2 million of cash (including \$31.7 million of cash paid to one of our subsidiaries), plus, in each case, cash in an amount equal to accrued and unpaid interest from the last interest payment date applicable on the Outstanding Notes to, but not including, the closing date of the Note Exchange.

***Consolidated Revenue***

Our consolidated revenue during the second quarter of 2013 increased \$15.6 million including an increase of \$1.8 million from movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$9.2 million impact of our divestiture of our international neon business during the third quarter of 2012, consolidated revenue increased \$23.0 million. Our CCME revenue increased \$12.6 million, primarily due to increased digital and national sales. Americas outdoor revenue increased \$14.3 million driven primarily by increased capacity and occupancy of our digital displays and increased occupancy and rates of our traditional displays. Our International outdoor revenue decreased \$8.8 million including positive movements in foreign exchange of \$1.9 million compared to the same period of 2012. Excluding the impact of foreign exchange movements and the \$9.2 million impact of our divestiture of our international neon business during the third quarter of 2012, International outdoor revenue decreased \$1.5 million. Declines in certain countries in Europe as a result of weakened macroeconomic conditions were partially offset by growth in street furniture, malls and transit revenue in other countries. Other revenues declined by \$3.0 million primarily as a result of reduced political advertising through our media representation business.

Our consolidated revenue decreased \$2.1 million including an increase of \$0.9 million from movements in foreign exchange during the first six months of 2013 compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$17.5 million impact of our divestiture of our international neon business during the third quarter of 2012, consolidated revenue increased \$14.5 million. Our CCME revenue decreased \$2.4 million, driven by declining traffic revenues partially offset by increased digital and national sales. Americas outdoor revenue increased \$20.7 million, driven primarily by increased capacity and occupancy of our digital displays and increased occupancy and rates of our traditional displays. Our International outdoor revenue decreased \$16.2 million including positive movements in foreign exchange of \$1.1 million compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$17.5 million impact of our divestiture of our international neon business during the third quarter of 2012, revenue increased \$0.2 million. Street furniture, malls and transit revenue in certain countries drove International outdoor revenue growth, which was partially offset by declines in certain countries in Europe as a result

of weakened macroeconomic conditions. Other revenues declined by \$5.5 million primarily as a result of reduced political advertising through our media representation business.

### ***Consolidated Direct Operating Expenses***

Direct operating expenses increased \$18.3 million including an increase of \$1.0 million from movements in foreign exchange during the second quarter of 2013 compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$6.0 million impact of our divestiture of our international neon business during 2012, consolidated direct operating expenses increased \$23.3 million. Our CCME direct operating expenses increased \$23.7 million compared to the second quarter of 2012, primarily resulting from a \$20.7 million credit received during the second quarter of 2012 from one of our performance rights organizations reducing our 2012 music licensing fees, as well as increases during the second quarter of 2013 in digital expenses related to our iHeartRadio digital platform including higher digital streaming fees partially offset by declining expenses during 2013 in our traffic business resulting from the impact of lower sales and our strategic cost initiatives. Direct operating expenses in our Americas outdoor segment were relatively flat primarily due to the benefits resulting from our previous strategic cost initiatives and mix of higher margin products. Direct operating expenses in our International outdoor segment decreased \$5.3 million including an increase of \$1.1 million from movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$6.0 million impact of our divestiture of our international neon business during 2012, direct operating expenses were relatively flat primarily from lower variable costs in certain countries where revenues have declined, offset by higher site lease and other expenses as a result of increased sales in other countries.

Direct operating expenses decreased \$0.2 million including an increase of \$1.2 million from movements in foreign exchange during the first six months of 2013 compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$11.1 million impact of our divestiture of our international neon business in 2012, consolidated direct operating expenses increased \$9.7 million. Our CCME direct operating expenses increased \$10.3 million, primarily resulting from a \$20.7 million credit received during the first six months of 2012 from one of our performance rights organizations reducing our 2012 music licensing fees as well as increases during the first six months of 2013 in digital expenses related to our iHeartRadio digital platform including higher digital streaming fees partially offset by declining expenses during 2013 in our traffic business resulting from the impact of lower sales and our strategic cost initiatives. Americas outdoor direct operating expenses decreased \$6.6 million, primarily due to the benefits resulting from our previous strategic cost initiatives and mix of higher margin products. Direct operating expenses in our International outdoor segment decreased \$4.7 million including an increase of \$1.4 million from movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$11.1 million impact of our divestiture of our international neon business during 2012, direct operating expenses increased \$5.0 million primarily driven by higher site lease and other expenses as a result of increased sales in certain countries, partially offset by lower variable costs in other countries where revenues have declined.

### ***Consolidated Selling, General and Administrative (“SG&A”) Expenses***

SG&A expenses increased \$19.1 million including an increase of \$0.6 million from movements in foreign exchange during the second quarter of 2013 compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$1.7 million impact of our divestiture of our international neon business during 2012, consolidated SG&A expenses increased \$20.2 million. Our CCME SG&A expenses increased \$18.1 million, primarily due to compensation expenses including amounts related to our variable compensation plans, including commissions, which were higher for the 2013 period in connection with increasing our digital and national revenues as well as higher promotional and sponsorship costs for special events such as the iHeartRadio Ultimate Pool Party and Coca Cola 600. SG&A expenses increased \$10.7 million in our Americas outdoor segment primarily due to the 2012 period being impacted by a favorable court ruling that resulted in a \$7.8 million decrease in expenses, with other 2013 increases being driven by legal costs related to the Los Angeles litigation discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q. Our International outdoor SG&A expenses decreased \$9.5 million including a \$0.6 million increase due to the effects of movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$1.7 million impact of our divestiture of our international neon business during 2012, SG&A expenses decreased \$8.4 million primarily due to certain expenses during the 2012 period related to legal and other costs in Brazil that did not recur during the second quarter of 2013 and the benefits in 2013 resulting from our previous strategic cost initiatives.

SG&A expenses increased \$1.2 million including an increase of \$0.4 million from movements in foreign exchange during the first six months of 2013 compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$3.5 million impact of our divestiture of our international neon business during 2012, consolidated SG&A expenses increased \$4.3 million. Our CCME SG&A expenses increased \$17.9 million, primarily due to compensation expenses including amounts related to our variable compensation plans, including commissions, which were higher for the 2013 period in connection with increasing our digital and national revenues as well as higher promotional and sponsorship costs for special events such as the iHeartRadio Ultimate Pool Party, Coca Cola 600, and the Target Justin Timberlake 20/20 Experience. SG&A expenses increased

\$13.1 million in our Americas outdoor segment primarily due to the 2012 period being impacted by a favorable court ruling that resulted in a \$7.8 million decrease in expenses, with other 2013 increases being driven by legal costs related to the Los Angeles litigation discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q. Our International outdoor SG&A expenses decreased \$24.6 million including a \$0.4 million increase due to the effects of movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$3.5 million impact of our divestiture of our international neon business during 2012, SG&A expenses decreased \$21.5 million primarily due to certain expenses during the 2012 period related to legal and other costs in Brazil that did not recur during the first six months of 2013.

### ***Corporate Expenses***

Corporate expenses increased \$5.5 million and \$16.6 million during the three and six months ended June 30, 2013, respectively, compared to the same periods of 2012, driven by increases in compensation expenses including amounts related to our variable compensation plans as well as legal costs resulting from copyright and patent matters, and legal costs related to the stockholder litigation discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q.

### ***Revenue and Cost Initiatives***

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$14.1 million and \$22.9 million incurred in connection with our strategic revenue and cost initiatives during the three and six months ended June 30, 2013, respectively. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consolidation of locations and positions, severance related to workforce initiatives, consulting expenses, and other costs incurred in connection with streamlining our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized. Of these costs during the second quarter of 2013, \$2.2 million are reported within direct operating expenses, \$5.6 million are reported within SG&A and \$6.3 million are reported within corporate expense. In the second quarter of 2012, such costs totaled \$2.9 million, \$8.4 million, and \$3.7 million, respectively. Of these costs during the six months ended June 30, 2013, \$4.7 million are reported within direct operating expenses, \$10.9 million are reported within SG&A and \$7.3 million are reported within corporate expense compared to \$6.5 million, \$17.6 million, and \$6.4 million, respectively, in 2012.

### ***Depreciation and Amortization***

Depreciation and amortization decreased \$2.1 million and increased \$4.7 million during the three and six months ended June 30, 2013, respectively, compared to the same periods of 2012. The decrease during the three months ended June 30, 2013 was due to declines in amortization across all of our segments. The increase for the first six months of 2013 is primarily a result of increased depreciation in our Americas outdoor segment related to depreciation of digital bulletins partially offset by a decline in amortization related to long-term contracts at our media representation business.

***Other Operating Income, Net***

Other operating income of \$1.1 million and \$3.5 million for the three and six months ended June 30, 2013, respectively, primarily related to proceeds from the disposal of operating and fixed assets.

Other operating income of \$1.9 million and \$5.0 million for the three and six months ended June 30, 2012, respectively, primarily related to proceeds received from condemnations of bulletins and buildings partially offset by losses realized on disposals of radio stations.

***Interest Expense***

Interest expense increased \$21.6 million and \$33.2 million during the three and six months ended June 30, 2013, respectively, compared to the same period of 2012, primarily due to the weighted average cost of debt increasing as a result of debt refinancings that occurred during the first six months of 2013, as described under "Sources of Capital" below.

***Gain on Marketable Securities***

The gain on marketable securities of \$130.9 million for the three and six months ended June 30, 2013, respectively, represented the proceeds from the sale of the shares we held in Sirius XM Radio, Inc. during the second quarter of 2013.

***Loss on Extinguishment of Debt***

In connection with the prepayment of Term Loan A of our senior secured credit facilities during the six months ended June 30, 2013, we recognized a loss of \$3.9 million due to the write-off of deferred loan costs.

For the six months ended June 30, 2012, we recognized a loss related to the accelerated expensing of \$15.2 million of loan fees upon the prepayment of \$2,096.2 million of our senior secured credit facilities in connection with CCWH's issuance of Senior Subordinated Notes due 2020.

### ***Other Expenses, Net***

In connection with the Note Exchange of a portion of the 10.75% Senior Cash Notes and 11.00%/11.75% Senior Toggle Notes for newly-issued Senior Notes due 2021 and in connection with the senior secured credit facility amendment, both of which were accounted for as modifications of existing debt, we incurred expenses of \$17.9 million.

### ***Income Tax Benefit***

Our effective tax rates for the three and six months ended June 30, 2013 were 36.5% and 31.0%, respectively. The effective tax rates for the three and six months ended June 30, 2013 were primarily impacted by the cancellation of indebtedness income recognized during the periods and our inability to record tax benefit on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years.

Our effective tax rates for the three and six months ended June 30, 2012 were 23.8% and 48.6%, respectively. The effective tax rate for the three months ended June 30, 2012 was primarily impacted by our inability to record tax benefits for tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future periods. Our effective tax rate for the six months ended June 30, 2012 was primarily impacted by the completion of income tax examinations in various jurisdictions during the period which resulted in a reduction to income tax expense of approximately \$61.0 million.

**Three Months**

CCME revenue increased \$12.6 million during the second quarter of 2013 compared to the same period of 2012, primarily driven by national advertising revenue increases across various markets and advertising categories, including telecommunications, retail and financial services, as well as growth in digital advertising revenue as a result of increased listenership on our iHeartRadio platform with total listening hours increasing 36%. Partially offsetting those increases were declines in our traffic business as a result of certain contract losses and lower sales resulting from integration activities.

Direct operating expenses increased \$23.7 million during the second quarter of 2013, primarily resulting from a \$20.7 million credit received during the second quarter of 2012 from one of our performance rights organizations reducing our 2012 music licensing fees, as well as higher streaming expenses during the second quarter of 2013 due to increased listenership on our iHeartRadio digital platform partially offset by reductions in costs in 2013 related to our traffic business as a result of lower revenues and the benefit of our previous strategic cost initiatives. SG&A expenses increased \$18.1 million during the second quarter of 2013 primarily due to compensation expenses including amounts related to our variable compensation plans, including commissions, which were higher in connection with our increased digital and national revenues as well as promotional and marketing costs for special events such as the iHeartRadio Ultimate Pool Party and the Coca Cola 600.

**Six Months**

CCME revenue decreased \$2.4 million during the first six months of 2013 compared to the same period of 2012, primarily due to declines in our traffic business as a result of certain contract losses and lower sales resulting from integration activities.

Partially offsetting those declines were national advertising revenue increases across various markets and advertising categories, including telecommunications, retail, and financial services, as well as growth in digital advertising revenue as a result of increased listenership on our iHeartRadio platform with total listening hours increasing 34%.

Direct operating expenses increased \$10.3 million during the first six months of 2013, primarily resulting from a \$20.7 million credit received during the first six months of 2012 from one of our performance rights organizations reducing our 2012 music licensing fees, as well as higher streaming expenses during the first six months of 2013 due to increased listenership partially offset by reductions in costs related to our traffic business as a result of lower revenues, the benefit of our previous strategic cost initiatives and reductions in spending on strategic revenue and cost initiatives. SG&A expenses increased \$17.9 million primarily due to compensation expenses including amounts related to our variable compensation plans, including commissions, which were higher for the 2013 period in connection with our increased digital and national revenues as well as promotional and sponsorship costs for special events such as the iHeartRadio Ultimate Pool Party, Coca Cola 600, and the Target Justin Timberlake 20/20 Experience.

### *Three Months*

Our Americas outdoor revenue increased \$14.3 million during the second quarter of 2013 compared to the same period of 2012, driven primarily by bulletins, particularly by increased occupancy and capacity of our digital displays and increased occupancy and rates of our traditional displays. Our airport revenues grew primarily as a result of higher average rates and increased occupancy by customers at our largest U.S. airports. Poster revenue also increased with growth driven by higher rates and advertising campaigns utilizing our traditional product lines.

Direct operating expenses were relatively flat primarily due to the benefits resulting from our previous strategic cost initiatives and mix of higher margin products. SG&A expenses increased \$10.7 million primarily due to the 2012 period being impacted by a favorable court ruling that resulted in a \$7.8 million decrease in expenses with other 2013

increases being driven by legal costs related to the Los Angeles litigation discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q.

***Six Months***

Our Americas outdoor revenue increased \$20.7 million during the six months ended June 30, 2013 compared to the same period of 2012, driven primarily by bulletins, and particularly by increased occupancy and capacity of our digital displays and increased rate and occupancy of our traditional bulletins. Increases in poster revenues were driven by new contracts and advertising campaigns utilizing our traditional product lines. Partially offsetting these increases were declines in specialty business revenues due primarily to a significant contract during 2012.

Direct operating expenses decreased \$6.6 million, primarily due to the benefits resulting from our previous strategic cost initiatives as well as variable costs associated with the favorable mix of higher margin products. SG&A expenses increased \$13.1 million primarily due to the 2012 period being impacted by a favorable court ruling that resulted in a \$7.8 million decrease in expenses with other 2013 increases being driven by legal costs related to the Los Angeles litigation discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q.

Depreciation and amortization increased \$4.2 million, primarily as a result of our deployment of digital bulletins in recent years.

#### *Three Months*

International outdoor revenue decreased \$8.8 million during the second quarter of 2013 compared to the same period of 2012, including an increase of \$1.9 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$9.2 million in revenues in the three months ended June 30, 2012. Excluding the impact of foreign exchange and the divestiture, revenues decreased \$1.5 million. The decrease was driven by lower revenues in certain countries in Europe as a result of weakened macroeconomic conditions. These declines were partially offset by revenue growth in China, the UK, and Latin America primarily in street furniture advertising revenue, as well as higher transit advertising sales resulting from new contracts in Norway.

Direct operating expenses decreased \$5.3 million including an increase of \$1.1 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$6.0 million in direct operating expenses in the three months ended June 30, 2012. Excluding the impact of movements in foreign exchange and the divestiture, direct operating expenses were relatively flat. Declines in expenses in response to declining revenues in certain countries in Europe were partially offset by increases in variable costs in other markets such as Norway, China and Latin America resulting from increased revenues. SG&A expenses decreased \$9.5 million including an increase of \$0.6 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$1.7 million in SG&A expenses in the three months ended June 30, 2012. Excluding the impact of movements in foreign exchange and the divestiture, SG&A expenses decreased \$8.4 million primarily due to the absence in 2013 of expenses incurred during the second quarter of 2012 in connection with legal and other costs in Brazil as well as decreases in 2013 in strategic revenue and cost initiative expenses.

#### *Six Months*

International outdoor revenue decreased \$16.2 million during the six months ended June 30, 2013 compared to the same period of 2012, including an increase of \$1.1 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$17.5 million in revenues for the six months ended June 30, 2012. Excluding the impact of foreign exchange and the divestiture, revenues were relatively flat. Increases in revenue resulting from revenue growth in China, Latin America, Australia and the UK primarily in street furniture advertising revenue, as well as higher transit advertising sales resulting from new contracts in Norway, were offset by lower revenues in certain countries in Europe as a result of weakened macroeconomic conditions.

Direct operating expenses decreased \$4.7 million including an increase of \$1.4 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$11.1 million in direct operating expenses for the six months ended June 30, 2012. Excluding the impact of movements in foreign exchange and the divestiture, direct operating expenses increased \$5.0 million driven by increases in variable costs in certain markets such as China, Norway and Latin America resulting from increased revenues partially offset by declines in expenses in response to declining revenues in other countries in Europe. SG&A expenses decreased \$24.6 million including an increase of \$0.4 million from movements in foreign exchange and the divestiture of our international neon business during the third quarter of 2012, which had \$3.5 million in SG&A expenses for the six months ended June 30, 2012. Excluding the impact of movements in foreign exchange and the divestiture, SG&A expenses decreased \$21.5 million primarily due to the absence in 2013 of \$22.7 million in expenses incurred during the first six months of 2012 in connection with legal and other costs in Brazil as well as decreases in 2013 in strategic revenue and cost initiative expenses.

**Share-Based Compensation Expense**

We do not have any compensation plans under which we grant stock awards to employees. Our employees receive equity awards from CC Media Holdings, Inc.'s ("CCMH") and Clear Channel Outdoor Holdings, Inc.'s ("CCOH") equity incentive plans.

Share-based compensation payments are recorded in corporate expenses and were \$5.8 million and \$5.8 million for the three months ended June 30, 2013 and 2012, respectively, and \$11.3 million and \$12.7 million for the six months ended June 30, 2013 and 2012, respectively.

As of June 30, 2013, there was \$26.7 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on service conditions. Based on the terms of the award agreements, this cost is expected to be recognized over a weighted average period of approximately two years. In addition, as of June 30, 2013, there was \$16.8 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on market, performance and service conditions. This cost will be recognized when it becomes probable that the performance condition will be satisfied.

### ***Financing Activities***

Cash used for financing activities of \$449.5 million during the six months ended June 30, 2013 primarily reflected payments on long-term debt. We repaid our 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount held by and repaid to one of our subsidiaries) using cash on hand. We prepaid \$846.9 million outstanding under our Term Loan A under our senior secured credit facilities using the proceeds from the issuance of our 11.25% Priority Guarantee Notes, borrowings under our receivables based credit facility, and cash on hand. Other cash used for financing activities included payments to repurchase noncontrolling interests of \$61.1 million.

Cash provided by financing activities during the first six months of 2012 primarily reflected the issuance of Senior Subordinated Notes due 2020 by CCWH, and the use of proceeds distributed to us in connection with a special cash dividend paid by CCOH to its stockholders, in addition to cash on hand, to repay \$2,096.2 million of indebtedness under our senior secured credit facilities. Our financing activities also reflect a \$244.7 million reduction in noncontrolling interest as a result of the special cash dividend from CCOH paid in connection with the Subordinated Notes issuance, which represents the portion paid to parties other than our subsidiaries that own CCOH common stock. In addition, we repaid our 5.0% senior notes at maturity for \$249.9 million (net of \$50.1 million principal amount held by and repaid to one of our subsidiaries), plus accrued interest, using a portion of the proceeds from our February 2011 issuance of \$1.0 billion of 9.0% Priority Guarantee Notes along with available cash on hand.

### **Anticipated Cash Requirements**

Our primary source of liquidity is cash on hand, cash flow from operations and borrowing capacity under our domestic receivables based credit facility, subject to certain limitations contained in our material financing agreements. At June 30, 2013, we had debt maturities totaling \$31.8 million, \$483.1 million, and \$271.0 million in 2013, 2014, and 2015, respectively. At June 30, 2013, we had \$704.2 million of cash on our balance sheet including \$271.3 million in consolidated cash balances held outside the U.S. by our subsidiaries, all of which is readily convertible into other foreign currencies including the U.S. dollar. We disclose in Item 8 of our Form 10-K within Note 1, Summary of Significant Accounting Policies, that our policy is to permanently reinvest the earnings of our non-U.S. subsidiaries as these earnings are generally redeployed in those jurisdictions for operating needs and continued functioning of their businesses. We have the ability and intent to indefinitely reinvest the undistributed earnings of consolidated subsidiaries based outside of the United States. If any excess cash held by our foreign subsidiaries were needed to fund operations in the United States, we could presently repatriate available funds without a requirement to accrue or pay U.S. taxes. This is a result of significant current and historic deficits in our foreign earnings and profits, which gives us flexibility to make future cash distributions as non-taxable returns of capital.

Our ability to fund our working capital needs, debt service and other obligations, and to comply with the financial covenants under our financing agreements depends on our future operating performance and cash flow, which are in turn subject to prevailing economic conditions and other factors, many of which are beyond our control. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. In connection with our financing transactions completed in the second quarter of 2013, the average interest rate on our outstanding debt has increased. We anticipate paying cash interest of approximately \$740.0 million in the remainder of 2013. Future financing transactions may further increase interest expense, which could in turn reduce our financial flexibility and our ability to fund other activities and make us more vulnerable to changes in operating performance or economic downturns generally. There can be no assurance that additional financing, if permitted under the terms of our financing agreements, will be available on terms acceptable to us or at all. The inability to obtain additional financing in such circumstances could have a material adverse effect on our financial condition and on our ability to meet our obligations.

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material.

Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flow from operations and borrowing capacity under our receivables based credit facility will enable us to meet our working capital, capital expenditure, debt service and other funding requirements for at least the next 12 months. No assurance can be given, however, that this will be the case.

We were in compliance with the covenants contained in our material financing agreements as of June 30, 2013, including the maximum consolidated senior secured net debt to consolidated EBITDA limitation contained in our senior secured credit facilities. We believe our long-term plans, which include promoting spending in our industries and capitalizing on our diverse geographic and product opportunities, including the continued investment in our media and entertainment initiatives and continued deployment of digital displays, will enable us to continue generating cash flows from operations sufficient to meet our liquidity and funding requirements long term. However, our anticipated results are subject to significant uncertainty and there can be no assurance that we will be able to maintain compliance with these covenants. In addition, our ability to comply with these covenants may be affected by events beyond our control, including prevailing economic, financial and industry conditions. The breach of any covenants set forth in our financing agreements would result in a default thereunder. An event of default would permit the lenders under a defaulted financing agreement to declare all indebtedness thereunder to be due and payable prior to maturity. Moreover, the lenders under the receivables based facility under our senior secured credit facilities would have the option to terminate their commitments to make further extensions of credit thereunder. If we are unable to repay our obligations under any secured credit facility, the lenders could proceed against any assets that were pledged to secure such facility. In addition, a default or acceleration under any of our material financing agreements could cause a default under other of our obligations that are subject to cross-default and cross-acceleration provisions. The threshold amount for a cross-default under the senior secured credit facilities is \$100.0 million.

⁽¹⁾ The receivables based credit facility provides for borrowings of up to the lesser of \$535 million (the revolving credit commitment) or the borrowing base amount, as defined under the receivables based facility, subject to certain limitations contained in our material financing agreements.

We and our subsidiaries have from time to time repurchased certain of our debt obligations and equity securities of CCOH and CCMH, and we may in the future, as part of various financing and investment strategies, purchase additional outstanding indebtedness of ours or our subsidiaries or outstanding equity securities of CCOH or CCMH, in tender offers, open market purchases, privately negotiated transactions or otherwise. We may also sell certain assets or properties and use the proceeds to reduce our indebtedness. These purchases or sales, if any, could have a material positive or negative impact on our liquidity available to repay outstanding debt obligations or on our consolidated results of operations. These transactions could also require or result in amendments to the agreements governing outstanding debt obligations or changes in our leverage or other financial ratios, which could have a material positive or negative impact on our ability to comply with the covenants contained in our debt agreements. These transactions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

***Senior Secured Credit Facilities***

The senior secured credit facilities require us to comply on a quarterly basis with a financial covenant limiting the ratio of consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA (as defined by our senior secured credit facilities) for the preceding four quarters. Our secured debt consists of the senior secured credit facilities, the receivables-based credit facility, the priority guarantee notes and certain other secured subsidiary debt. As required by the definition of consolidated EBITDA in our senior secured credit facilities, our consolidated EBITDA for the preceding four quarters of \$2.0 billion is calculated as operating income (loss) before depreciation, amortization, impairment charges and other operating income (expense), net plus share-based compensation and is further adjusted for the following items: (i) costs incurred in connection with the closure and/or consolidation of facilities, retention charges, consulting fees and other permitted activities; (ii) extraordinary, non-recurring or unusual gains or losses or expenses and severance; (iii) non-cash charges; (iv) cash received from nonconsolidated affiliates; and (v) various other items.

The following table reflects a reconciliation of consolidated EBITDA (as defined by our senior secured credit facilities) to operating income and net cash provided by operating activities for the four quarters ended June 30, 2013:

<i>(In Millions)</i>	Four Quarters Ended June 30, 2013
<b>Consolidated EBITDA</b> (as defined by our senior secured credit facilities) \$	1,996.5

Change in assets and liabilities, net of assets acquired and liabilities assumed	(16.3)
<b>Net cash provided by operating activities</b>	<b>\$ 273.5</b>

The maximum ratio under this financial covenant is currently set at 9.25:1 and reduces to 9.00:1 and 8.75:1 for the four quarters ended December 31, 2013 and December 31, 2014, respectively. At June 30, 2013, our ratio was 6.2:1.

### ***Senior Secured Credit Facility Amendment***

During the second quarter of 2013, we amended our senior secured credit facility by extending a portion of Term Loan B and Term Loan C loans due 2016 through the creation of a new \$5.0 billion Term Loan D facility due January 30, 2019. The amendment also permitted us to make applicable high yield discount obligation catch-up payments beginning in May 2018 with respect to the new Term Loan D facility and any notes issued in connection with our exchange of our outstanding 10.75% Senior Cash Pay Notes due 2016 and 11.00%/11.75% Senior Toggle Notes due 2016 discussed later.

As of June 30, 2013, our senior secured credit facility consisted of a \$3.0 billion Term Loan B facility, which matures on January 30, 2016, a \$198.2 million Term Loan C facility, which matures on January 30, 2016, and a \$5.0 billion Term Loan D facility, which matures on January 30, 2019.

The new Term Loan D facility has the same security and guarantee package as the outstanding Term Loans B and C and borrowings under the new Term Loan D facility bear interest at a rate equal to, at our option, adjusted LIBOR plus 6.75% or a base rate plus 5.75%.

### ***Senior Notes Exchange***

During the second quarter of 2013, we completed the Note Exchange with certain holders of the Outstanding Cash Pay Notes and Outstanding Toggle Notes resulting in the issuance of \$1.2 billion aggregate principal amount (including \$421.0 million principal amount held by one of our subsidiaries) of the Senior Notes due 2021. In the Note Exchange, \$348.1 million aggregate principal

amount of Outstanding Cash Pay Notes was exchanged for \$348.0 million aggregate principal amount of the Senior Notes due 2021, and \$917.2 million aggregate principal amount of Outstanding Toggle Notes was exchanged for \$853.0 million aggregate principal amount of Senior Notes due 2021 and \$64.2 million of cash, plus, in each case, cash in an amount equal to accrued and unpaid interest from the last interest payment date applicable on the Outstanding Notes to, but not including, the closing date of the Note Exchange. The Senior Notes due 2021 mature on February 1, 2021. Interest on the Senior Notes due 2021 is payable semi-annually on February 1 and August 1 of each year, commencing August 1, 2013. Interest on the Senior Notes due 2021 will be paid at the rate of (i) 12.0% per annum in cash and (ii) 2.0% per annum through the issuance of payment-in-kind notes (the "PIK Notes"). Any PIK Notes issued in certificated form will be dated as of the applicable interest payment date and will bear interest from and after such date. All PIK Notes issued will mature on February 1, 2021 and have the same rights and benefits as the Senior Notes due 2021. The Senior Notes due 2021 are fully and unconditionally guaranteed on a senior basis by the guarantors named in the indenture governing such notes. The guarantee is structurally subordinated to all existing and future indebtedness and other liabilities of any subsidiary of the applicable subsidiary guarantor that is not also a guarantor of the Senior Notes due 2021.

We may redeem or purchase the Senior Notes due 2021 at our option, in whole or in part, at any time prior to August 1, 2015, at a redemption price equal to 100% of the principal amount of Senior Notes due 2021 redeemed plus an applicable premium. In addition, until August 1, 2015, we may, at our option, on one or more occasions, redeem up to 60% of the then outstanding aggregate principal amount of Senior Notes due 2021 at a redemption price equal to (x) with respect to the first 30% of the then outstanding aggregate principal amount of the Senior Notes due 2021, 109.0% of the aggregate principal amount thereof and (y) with respect to the next 30% of the then outstanding aggregate principal amount of the Senior Notes due 2021, 112.0% of the aggregate principal amount thereof, in each case plus accrued and unpaid interest thereon to the applicable redemption date. We may redeem the Senior Notes due 2021, in whole or in part, on or after August 1, 2015, at the redemption prices set forth in the indenture plus accrued and unpaid interest to the redemption date.

The indenture governing the Senior Notes due 2021 contains covenants that limit our ability and the ability of our restricted subsidiaries to, among other things: (i) incur additional indebtedness or issue certain preferred stock; (ii) pay dividends on, or make distributions in respect of, their capital stock or repurchase their capital stock; (iii) make certain investments or other restricted payments; (iv) sell certain assets; (v) create liens or use assets as security in other transactions; (vi) merge, consolidate or transfer or dispose of substantially all of their assets; (vii) engage in transactions with affiliates; and (viii) designate their subsidiaries as unrestricted subsidiaries.

### ***11.25% Priority Guarantee Notes Issuance***

During the first quarter of 2013, we issued \$575.0 million aggregate principal amount of 11.25% Priority Guarantee Notes due 2021. The 11.25% Priority Guarantee Notes mature on March 1, 2021 and bear interest at a rate of 11.25% per annum, payable semi-annually on March 1 and September 1 of each year, beginning on September 1, 2013. The 11.25% Priority Guarantee Notes are our senior obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior basis by the guarantors named in the indenture governing such notes. The 11.25% Priority Guarantee Notes and the guarantors' obligations under the guarantees are secured by (i) a lien on (a) our capital stock and (b) certain property and related assets that do not constitute "principal property" (as defined in the indenture

governing our legacy notes), in each case equal in priority to the liens securing the obligations under our senior secured credit facilities, our 9.0% priority guarantee notes due 2021 and our 9.0% priority guarantee notes due 2019, subject to certain exceptions, and (ii) a lien on the accounts receivable and related assets securing our receivables based credit facility junior in priority to the lien securing our obligations thereunder, subject to certain exceptions.

We may redeem the 11.25% Priority Guarantee Notes at our option, in whole or part, at any time prior to March 1, 2016, at a price equal to 100% of the principal amount of the 11.25% Priority Guarantee Notes redeemed, plus accrued and unpaid interest to the redemption date and plus an applicable premium. In addition, until March 1, 2016, we may elect to redeem up to 40% of the aggregate principal amount of the 11.25% Priority Guarantee Notes at a redemption price equal to 111.25% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings. We may redeem the 11.25% Priority Guarantee Notes, in whole or in part, on or after March 1, 2016, at the redemption prices set forth in the indenture plus accrued and unpaid interest to the redemption date.

The indenture governing the 11.25% Priority Guarantee Notes contains covenants that limit our ability and the ability of our restricted subsidiaries to, among other things: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) transfer or sell assets; (iv) engage in certain transactions with affiliates; (v) create restrictions on dividends or other payments by the restricted subsidiaries; and (vi) merge, consolidate or sell substantially all of our assets. The indenture contains covenants that limit Clear Channel Capital I, LLC's ability, our ability and the ability of our restricted subsidiaries to, among other things: (i) create liens on assets and (ii) materially impair the value of the security interests taken with

respect to the collateral for the benefit of the notes collateral agent and the holders of the 11.25% Priority Guarantee Notes. The indenture also provides for customary events of default.

## **Uses of Capital**

### ***Debt Repayments, Maturities and Other***

During the second quarter of 2013, we exchanged \$348.1 million aggregate principal amount of Outstanding Cash Pay Notes for \$348.0 million aggregate principal amount of the Senior Notes due 2021, and \$917.2 million aggregate principal amount of Outstanding Toggle Notes (including \$452.7 million aggregate principal amount held by one of our subsidiaries) for \$853.0 million aggregate principal amount of Senior Notes due 2021 (including \$421.0 million aggregate principal amount issued to one of our subsidiaries) and \$64.2 million of cash (including \$31.7 million of cash paid to one of our subsidiaries), pursuant to the Note Exchange. In connection with the Note Exchange and the senior secured credit facility amendment, both of which were accounted for as modifications of existing debt in accordance with ASC 470-50, we incurred expenses of \$17.9 million which are included in "Other expenses".

During the first quarter of 2013, we repaid our 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount repaid to one of our subsidiaries with respect to notes repurchased and held by such entity), plus accrued interest, using cash on hand.

In addition, during the first quarter of 2013, using the proceeds from the issuance of the 11.25% Priority Guarantee Notes along with borrowings under our receivables based credit facility of \$269.5 million and cash on hand, we prepaid all \$846.9 million outstanding under our Term Loan A under the senior secured credit facilities. We recorded a loss of \$3.9 million in "Loss on extinguishment of debt" related to the accelerated expensing of loan fees.

## **Certain Relationships with the Sponsors**

We are party to a management agreement with certain affiliates of Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the "Sponsors") and certain other parties pursuant to which such affiliates of the Sponsors will provide management and financial advisory services until 2018. These agreements require management fees to be paid to such affiliates of the Sponsors for such services at a rate not greater than \$15.0 million per year, plus reimbursable expenses. For the three months ended June 30, 2013 and 2012, we recognized management fees and reimbursable expenses of \$4.0 million and \$4.0 million, respectively. For the six months ended June 30, 2013 and 2012, we recognized management fees and reimbursable expenses of \$8.1 million and \$8.0 million, respectively.

## **Proposed Settlement of CCOH Stockholder Litigation**

In connection with the cash management arrangements for CCOH, we maintain an intercompany revolving promissory note payable by us to CCOH (the "Note"), which consists of the net activities resulting from day-to-day cash management services provided by us to CCOH. As of June 30, 2013, the balance of the Note was \$850.8 million, all of which is payable on demand. The Note is eliminated in consolidation in our consolidated financial statements. The Note is the subject of derivative litigation filed in the Delaware Court of Chancery by stockholders of CCOH. Please refer to "Legal Proceedings" within Part II of this Quarterly Report on Form 10-Q for additional information about this stockholder litigation. On March 28, 2013, legal counsel for the defendants in that matter entered into a binding memorandum of understanding (the "MOU") with legal counsel for a special litigation committee consisting of certain independent directors of CCOH and the plaintiffs to settle the derivative litigation. The MOU obligated the parties to use their best efforts to prepare a Stipulation of Settlement reflecting the terms of the MOU and present such Stipulation of Settlement to the Delaware Chancery Court for approval. On July 8, 2013, the parties executed the Stipulation of Settlement, on terms consistent with the MOU, and presented the Stipulation of Settlement to the Delaware Chancery Court for approval. If the Stipulation of Settlement is approved by the Delaware Chancery Court, we expect CCOH would, within 10 calendar days after final court approval of the settlement, notify us of its intent to make a demand for repayment of \$200 million outstanding under the Note 20 calendar days thereafter (or if that day is not a business day, then the next business day thereafter) and declare a dividend of \$200 million to be paid the same business day that such demand is made, conditioned on our satisfying such demand. As the indirect parent of CCOH, we would be entitled to approximately 89% of the proceeds from such dividend through our wholly-owned subsidiaries. The remaining approximately 11% of the proceeds from the dividend, or approximately \$22 million, would be paid to the public stockholders of CCOH. In addition, if the Stipulation of Settlement is approved by the Delaware Chancery Court, we expect CCOH would establish a committee of its board of directors, consisting of independent and disinterested directors of CCOH, that would have the incremental and non-exclusive authority pursuant to a committee charter to make demands for repayment under the Note under certain specified circumstances tied to our liquidity or the balance of the Note. If notice of such a demand were made pursuant to the terms of the charter, CCOH would declare a simultaneous dividend equal to the amount so demanded, and a pro rata

portion of that dividend would be paid to the public stockholders of CCOH. Based on our current and anticipated levels of operations and conditions in our markets, we currently expect that we would fund the dividends to be paid to the public stockholders of CCOH if and when demands are made using our existing sources of capital.

### **Commitments, Contingencies and Guarantees**

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued our estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. On April 12, 2013, the Los Angeles Superior Court ordered that Clear Channel Outdoor, Inc. and CBS turn off the electrical power to certain digital displays by the close of business on April 15, 2013. Clear Channel Outdoor, Inc. has complied with the order. There could be a significant impact on our operations in Los Angeles if we are unable to secure modernization permits through legislation or repermitting. Please refer to "Legal Proceedings" within Part II of this Quarterly Report on Form 10-Q.

### **Seasonality**

Typically, our CCME, Americas outdoor and International outdoor segments experience their lowest financial performance in the first quarter of the calendar year, with International outdoor historically experiencing a loss from operations in that period. Our International outdoor segment typically experiences its strongest performance in the second and fourth quarters of the calendar year. We expect this trend to continue in the future.

## **MARKET RISK**

We are exposed to market risks arising from changes in market rates and prices, including movements in interest rates, foreign currency exchange rates and inflation.

### **Interest Rate Risk**

A significant amount of our long-term debt bears interest at variable rates. Accordingly, our earnings will be affected by changes in interest rates. At June 30, 2013 we had an interest rate swap agreement with a \$2.5 billion notional amount that effectively fixes interest rates on a portion of our floating rate debt at a rate of 4.4%, plus applicable margins, per annum. The fair value of this agreement at June 30, 2013 was a liability of \$27.4 million. At June 30, 2013, approximately 29% of our aggregate principal amount of long-term debt, including taking into consideration debt on which we have entered into a pay-fixed-rate-receive-floating-rate swap agreement, bears interest at floating rates.

Assuming the current level of borrowings and interest rate swap contracts and assuming a 30% change in LIBOR, it is estimated that our interest expense for the six months ended June 30, 2013 would have changed by \$3.5 million.

In the event of an adverse change in interest rates, management may take actions to further mitigate our exposure. However, due to the uncertainty of the actions that would be taken and their possible effects, the preceding interest rate sensitivity analysis assumes no such actions. Further, the analysis does not consider the effects of the change in the level of overall economic activity that could exist in such an environment.

### **Foreign Currency Exchange Rate Risk**

We have operations in countries throughout the world. Foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we have operations. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported net income of \$29.8 million and \$0.6 million for the three and six months ended June 30, 2013. We estimate a 10% increase in the value of the U.S. dollar relative to foreign currencies would have decreased our net income for the three months ended June 30, 2013 by \$3.0 million and we estimate that our net income for the six months ended June 30, 2013 would have remained flat. A 10% decrease in the value of the U.S. dollar relative to foreign currencies during the three and six months ended June 30, 2013 would have increased our net income by a corresponding amount.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the U.S. or the foreign countries or on the results of operations of these foreign entities.

## **Inflation**

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our broadcasting stations and outdoor display faces in our CCME, Americas outdoor, and International outdoor operations.

## **CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS**

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. Except for the historical information, this report contains various forward-looking statements which represent our expectations or beliefs concerning future events, including, without limitation, our future operating and financial performance, our ability to comply with the covenants in the agreements governing our indebtedness and the availability of capital and the terms thereof. Statements expressing expectations and projections with respect to future matters are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We caution that these forward-looking statements involve a number of risks and uncertainties and are subject to many variables which could impact our future performance. These statements are made on the basis of management's views and assumptions, as of the time the statements are made, regarding future events and performance. There can be no assurance, however, that management's expectations will necessarily come to pass. Actual future events and performance may differ materially from the expectations reflected in our forward-looking statements. We do not intend, nor do we undertake any duty, to update any forward-looking statements.

A wide range of factors could materially affect future developments and performance, including but not limited to:

- the impact of our substantial indebtedness, including the effect of our leverage on our financial position and earnings;
- the need to allocate significant amounts of our cash flow to make payments on our indebtedness, which in turn could reduce our financial flexibility and ability to fund other activities;
- risks associated with weak or uncertain global economic conditions and their impact on the capital markets;
- other general economic and political conditions in the United States and in other countries in which we currently do business, including those resulting from recessions, political events and acts or threats of terrorism or military conflicts;
- industry conditions, including competition;
- the level of expenditures on advertising;

- legislative or regulatory requirements;
- fluctuations in operating costs;
- technological changes and innovations;
- changes in labor conditions, including on-air talent, program hosts and management;
- capital expenditure requirements;
- risks of doing business in foreign countries;
- fluctuations in exchange rates and currency values;
- the outcome of pending and future litigation;
- taxes and tax disputes;
- changes in interest rates;
- shifts in population and other demographics;
- access to capital markets and borrowed indebtedness;
- our ability to implement our business strategies;
- the risk that we may not be able to integrate the operations of acquired businesses successfully;
- the risk that our cost savings initiatives may not be entirely successful or that any cost savings achieved from those initiatives may not persist; and
- certain other factors set forth in our other filings with the Securities and Exchange Commission.

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative and is not intended to be exhaustive. Accordingly, all forward-looking statements should be evaluated with the understanding of their inherent uncertainty.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Required information is presented under “Market Risk” within Item 2 of this Part I.

#### **ITEM 4. CONTROLS AND PROCEDURES**

Under the supervision and with the participation of management, including our Chief Executive Officer and our Chief Financial Officer, we have carried out an evaluation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective as of June 30, 2013 to ensure that information we are required to disclose in reports that are filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC and is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in our internal control over financial reporting that occurred during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II -- OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS

We currently are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on our financial condition or results of operations.

Although we are involved in a variety of legal proceedings in the ordinary course of business, a large portion of our litigation arises in the following contexts: commercial disputes; defamation matters; employment and benefits related claims; governmental fines; intellectual property claims; and tax disputes.

#### Stockholder Litigation

Two derivative lawsuits were filed in March 2012 in Delaware Chancery Court by stockholders of CCOH, an indirect non-wholly owned subsidiary of ours. The consolidated lawsuits are captioned *In re Clear Channel Outdoor Holdings, Inc. Derivative Litigation*, Consolidated Case No. 7315-CS. The complaints name as defendants certain of our and CCOH's current and former directors and us, as well as Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. CCOH also is named as a nominal defendant. The complaints allege, among other things, that in December 2009 we breached fiduciary duties to CCOH and its stockholders by allegedly requiring CCOH to agree to amend the terms of a revolving promissory note payable by us to CCOH to extend the maturity date of the note and to amend the interest rate payable on the note. According to the complaints, the terms of the amended promissory note were unfair to CCOH because, among other things, the interest rate was below market. The complaints further allege that we were unjustly enriched as a result of that transaction. The complaints also allege that the director defendants breached fiduciary duties to CCOH in connection with that transaction and that the transaction constituted corporate waste. On April 4, 2012, the board of directors of CCOH formed a special litigation committee consisting of certain independent directors (the "SLC") to review and investigate plaintiffs' claims and determine the course of action that serves the best interests of CCOH and its stockholders. On March 28, 2013, to avoid the costs, disruption and distraction of further litigation, and without admitting the validity of any allegations made in the complaint, legal counsel for the defendants entered into a binding memorandum of understanding (the "MOU") with legal counsel for the SLC and the plaintiffs to settle the litigation. The MOU obligated the parties to use their best efforts to prepare a Stipulation of Settlement reflecting the terms of the MOU and present such Stipulation of Settlement to the Delaware Chancery Court for approval. On July 8, 2013, the parties executed the Stipulation of Settlement, on terms consistent with the MOU, and presented the Stipulation of Settlement to the Delaware Chancery Court for approval. On July 9, 2013, the Delaware Chancery Court scheduled a Settlement Hearing, which will be held on September 9, 2013 in the Delaware Chancery Court, for the purposes of determining, among other things, whether the settlement is fair,

reasonable, adequate, and in the best interests of CCOH and its stockholders. Unless and until the Delaware Chancery Court approves of the settlement, no assurance can be provided that the parties will be able to resolve the outstanding litigation as contemplated by the Stipulation of Settlement. We and CCOH filed the Stipulation of Settlement with the SEC as an exhibit to our respective Current Reports on Form 8-K filed on July 9, 2013.

### **Los Angeles Litigation**

In 2008, Summit Media, LLC, one of our competitors, sued the City of Los Angeles, Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties. Pursuant to the settlement agreement, Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays pursuant to modernization permits issued through an administrative process of the City. The Los Angeles Superior Court ruled in January 2010 that the settlement agreement constituted an ultra vires act of the City and nullified its existence, but did not invalidate the modernization permits issued to Clear Channel Outdoor, Inc. and CBS. All parties appealed the ruling by the Los Angeles Superior Court to Court of Appeal for the State of California, Second Appellate District, Division 8. On December 10, 2012, the Court of Appeal issued an order upholding the Superior Court's finding that the settlement agreement was ultra vires and remanding the case to the Superior Court for the purpose of invalidating the modernization permits issued to Clear Channel Outdoor, Inc. and CBS for the digital displays that were the subject of the settlement agreement. On January 22, 2013, Clear Channel Outdoor, Inc. filed a petition with the California Supreme Court requesting its review of the matter, and the Supreme Court denied that petition on February 27, 2013. On April 12, 2013, the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. and 13 issued to CBS and ordered that the companies turn off the electrical power to affected digital displays by the close of business on April 15, 2013. Clear Channel Outdoor,

Inc. has complied with the order. On April 16, 2013, the Court conducted further proceedings during which it held that it was not invalidating two additional digital modernization permits that Clear Channel Outdoor, Inc. had secured through a special zoning plan and confirmed that its April 12 order invalidated only digital modernization permits – no other types of permits the companies may have secured for the signs at issue. Summit Media, LLC has filed a further motion requesting that the Court order the demolition of the 82 sign structures on which the now-invalidated digital signs operated. The motion is scheduled to be heard on September 16, 2013.
