PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF AUDITORS

The Company's stockholders are being asked to ratify the appointment of Grant Thornton LLP to serve as the Company's auditors for the fiscal year ending March 31, 2004. Stockholder ratification of the appointment of Grant Thornton LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the appointment of Grant Thornton LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment by an affirmative vote of the holders of a majority of the Common Stock present or represented at the meeting and entitled to vote thereat, the Audit Committee and the Board will reconsider whether to retain that firm as the Company's independent auditors. Even if the appointment is ratified, the Audit Committee and the Board in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in the best interest of the Company and its stockholders.

The representatives of Grant Thornton LLP will attend the Annual Meeting, will have the opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions posed by stockholders.

Audit Fees. Audit fees billed by Grant Thornton LLP for non-audit services rendered to the Company in the audit of annual financial statements for the 2003 fiscal year and the reviews of the financial statements included in the Company's Forms 10-Q for that fiscal year were approximately \$107,000.

Financial Information Systems Design and Implementation. The Company did not engage Grant Thornton LLP to provide advice regarding financial information systems design and implementation during the 2003 fiscal year.

All Other Fees. Fees billed by Grant Thornton LLP for non-audit services rendered to the Company for the most recent fiscal year; including tax related services were approximately \$19,000.

The Audit Committee has determined that the provision of the above non-audit services by Grant Thornton LLP was compatible with their maintenance of accountant independence.

Stockholders Approval

The affirmative vote of a majority of the shares of the Common Stock represented and voted at the Annual Meeting is being sought for ratification of the appointment of Grant Thornton LLP as the Company's independent auditors.

THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING MARCH 31, 2004.

OTHER MATTERS

Management does not know of any other matters to be brought before the Annual Meeting. If any other matter is properly presented for consideration at the Annual Meeting, it is intended that the proxies will be voted by the persons named therein in accordance with the Board of Directors' recommendation. Discretionary authority with respect to such other matters is granted by the execution of the enclosed proxy.

Mr. Flynn served as a director of the Company from May 1991 through May 1, 2003, at which time he resigned from the Board and joined the Company as Vice President, Business Development. Mr. Flynn was President of Americable, Inc., a value-added manufacturer of fiber optic and copper solutions serving the telecommunications industry, from June 1997 through December 2002. Mr. Flynn served as the Executive Vice President and Secretary of ENStar, Inc., a holding company owning businesses engaged in voice and data connectivity and networking products and services, from February 1997 until December 1999, when ENStar merged with Americable, formerly a wholly-owned subsidiary of ENStar, and then Americable, as the survivor, changed its name to Corstar Holdings, Inc. and a new corporation was established under the name Americable.

Mr. Schweppe has been the Chief Financial Officer since April 1991 and Secretary since June 1995. From March 1988 to April 1991, Mr. Schweppe was the Director of Finance for the Company. From May 1983 to February 1988, Mr. Schweppe was the Manager, Technical Accounting for Caremark, Inc.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC and the National Association of Securities Dealers. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, the Company believes that, during fiscal year 2003, all transactions required to be reported by its officers, directors and greater than 10% beneficial owners were reported in a timely manner.

Compensation Committee Interlocks and Insider Participation

Messrs. Hamerslag, Jessup and Michael served as members of the Compensation Committee during fiscal year 2003. Mr. Michael is the President and Chief Executive Officer of Corstar, a beneficial owner of more than 10% of the outstanding Common Stock of the Company. No member of the Compensation Committee was, during fiscal 2003, an employee or officer of the Company or was formerly an officer of the Company.

During fiscal 2003, no current executive officer of the Company served as a member of the board of directors or compensation committee of any other entity that has or had one or more executive officers serving as a member of the Company's Board or Compensation Committee.

COMPENSATION COMMITTEE REPORT*

The Compensation Committee administers the Company's executive compensation programs, including the Option Plan. After the Compensation Committee determines the salaries of all elected officers, including those of the Named Executive Officers, the full Board reviews those determinations.

General Compensation Goals

The design and implementation of all executive compensation arrangements are based on certain goals derived from Company values, business strategy and management requirements. These goals may be summarized as follows:

Pay competitive salaries to attract, retain and motivate a highly competent executive team essential to the long-term success of the Company;

Tie an individual's total compensation to individual and profit center performance and the financial success of the Company;

Reward executives for long-term corporate success by facilitating their ability to acquire an ownership interest in the Company; and

Align the financial interests of the executives and the stockholders.

Factors

Several of the more important factors, which were considered in establishing the components of each executive officer's compensation package for the 2003 fiscal year are summarized below. Additional factors were also taken into account, and the Compensation Committee may in its discretion apply entirely different factors, particularly different measures of financial performance, in setting executive compensation for future fiscal years. All compensation decisions will be designed to further the general compensation goals indicated above.

Base Salaries

Base salaries are targeted to be moderate yet competitive in relation to salaries commanded by those in similar positions with other companies in the same industry. The base salary for each executive officer is reviewed annually and is set on the basis of personal performance, the relative importance of the functions the officer performs, the scope of the officer's ongoing responsibilities, the salary levels in effect for comparable positions with the Company's principal competitors, and internal equity considerations. The weight given to each of these factors varies from individual to individual.

Annual Incentive Awards

Although the Company has a March 31 fiscal year end, it has calendar year budgets and annual incentive plans which are based on the calendar year. Incentive awards to the Chief Executive Officer and the other Named Executive Officers are shown in the "Bonus" column of the Summary Compensation Table, which follows this report. Annual bonuses are designed to reward personal contributions to the success of the Company and are earned under a structured formula that considers the following factors:

Table of Contents

Company Profit Center Financial Performance

Each profit center of the Company submits a proposed annual operating budget including annual profit goals for review of and approval by the Chief Executive Officer of the Company in conjunction with ratification by the Compensation Committee. At the end of the calendar year, the Compensation Committee evaluates actual financial performance against these targets and actual revenue growth. The resulting performance evaluation dictates whether an increase or decrease in an executive's normal incentive compensation award is granted. For executive officers with operations responsibilities, the annual incentive award can range from zero to 70% of base salary depending upon performance as compared to budget. For executive officers with corporate staff responsibilities, such awards are based upon departmental objectives.

Individual Performance

Each executive has some portion of his or her annual bonus measured against individual goals (MBOs) established for that person. The maximum amount that any executive may earn based on the MBO element is variable, with full achievement of MBOs resulting in a minimum 75% payout and increasing up to 100% payout for achievement exceeding established MBOs. For executive officers with operations responsibilities, this element comprises a lesser percentage of the annual incentive award for the individual and for executive officers with corporate staff responsibilities, it comprises a greater percentage of the annual incentive award.

Discretionary Awards

The Compensation Committee also has the discretion under extraordinary circumstances to award bonuses based on a percentage of base salary.

Stock Options

Stock option grants accomplish the third and fourth compensation objectives: to motivate executive officers to manage the business, to improve long-term Company performance and to align the interests of executive officers and stockholders. Customarily, option grants are made with exercise prices equal to the fair market value of the shares on the grant date and will be of no value unless the market price of the Company's outstanding shares appreciates, thereby aligning a substantial part of the executive officer's compensation package with the return realized by the stockholders. The option generally vests over a period of four years, contingent upon the executive officer's continued employment with the Company. Accordingly, the option will provide a return to the executive officer only if the officer remains employed by the Company and the market price of the underlying shares appreciates over the option term. The size of the option grant is designed to create a meaningful opportunity for stock ownership and is based upon the individual's current position with the Company, internal comparability with option grants made to other Company executives and the individual's potential for future responsibility and promotion over the option term. The Committee has established certain general guidelines in making option grants to the executive officers in an attempt to target a fixed number of unvested option shares based upon the individual's position with the Company and the officer's existing holdings of unvested options. However, the Compensation Committee does not adhere strictly to these guidelines and will occasionally vary the size of the option grant made to each executive officer as circumstances warrant.

Compensation of the Chief Executive Officer

The annual base salary for the Company's Chief Executive Officer, Mr. Clemons, was established on January 26, 1988, when the Company and North Star entered into an employment agreement with Mr. Clemons. The agreement became effective on February 15, 1988 and has an indefinite term. The agreement provides Mr. Clemons with an annual salary of \$250,000, payable in semi-monthly installments. Mr. Clemons may terminate the agreement at any time on four months notice and the Company may terminate the agreement at any time with or without cause. If Mr. Clemons is terminated without cause, the Company is required to pay Mr. Clemons his then-current salary for one year after such termination, less any other employment compensation received by Mr. Clemons during such one-year period. The Compensation Committee, exclusive of Mr. Clemons, approved an increase in Mr. Clemons' annual salary to \$350,000, effective January 1, 2002. The

Company's financial performance had been consistently strong and Mr. Clemons' salary had not been increased in eleven years.

Compliance with Internal Revenue Code Section 162(m)

Code Section 162(m) generally disallows a tax deduction to publicly-held corporations for compensation paid to certain of the corporation's executive officers to the extent that compensation exceeds \$1.0 million for any such officer in any one year. The limitation applies only to compensation, which is not considered to be performance-based. The Option Plan is structured so that any compensation deemed paid to an executive officer in connection with the exercise of options with exercise prices equal to the fair market value of the Common Stock on the grant date that is granted by a committee comprised solely of outside directors will qualify as performance-based compensation which will not be subject to the \$1.0 million limitation. The non-performance based compensation to be paid to the Company's executive officers for fiscal 2003 did not exceed the \$1.0 million limit per officer, nor is it expected that the non-performance based compensation to be paid to the Company's executive officers for fiscal 2004 will exceed that limit. Because it is very unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1.0 million limit, the Compensation Committee has decided at this time not to take any other action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee will reconsider this decision should the individual compensation of any executive officer ever approach the \$1.0 million level.

AUDIT COMMITTEE REPORT*

The Audit Committee assists the Board in its oversight of the Company's financial accounting reporting and controls. The Board, in its business judgment, has determined that all members of the audit committee are independent as required by applicable listing standards of the Nasdaq National Market. The Audit Committee operates pursuant to a charter approved by the Board, a copy of which was included as Appendix A to last year's Proxy Statement.

In performing its oversight role, the Audit Committee reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*. The Audit Committee received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The Audit Committee also considered whether the provision of non-audit services by the independent auditors is compatible with maintaining the auditors' independence and has discussed with the auditors the auditors' independence.

Based on the reports and discussions described in this Report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to in the audit committee charter, the Audit Committee recommended to the Board and the Board approved that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended March 31, 2003.

The Audit Committee recommended and the Board approved the selection of Grant Thornton LLP as independent auditors for the year ending March 31, 2004.

Except for the limited stock appreciation rights described in footnote 1 below the table, no stock appreciation rights were granted during such fiscal year to the Named Executive Officers.

- (1) Each option will become exercisable for 25% of the option shares one year from the grant date and thereafter the remaining shares become exercisable in 36 equal monthly installments. To the extent not already exercisable, the options become exercisable upon (a) a sale of assets, (b) a merger in which the Company does not survive or (c) a reverse merger in which the Company survives but ownership of 50% or more of the voting power of the Company's stock is transferred, unless the option is assumed or replaced with a comparable option by the successor corporation. The options are also subject to limited stock appreciation rights pursuant to which the options, to the extent exercisable at the time a hostile tender offer occurs, will automatically be canceled in return for a cash payment equal to the tender-offer price minus the exercise price multiplied by the number of shares for which the option was exercisable. Each option has a maximum term of five years subject to earlier termination in the event of the optionee's cessation of employment with the Company.
- (2) The Company granted options to purchase a total of 198,600 shares of Common Stock during fiscal year 2003.
- (3) The exercise price is equal to the fair market value of the Common Stock on the grant date and may be paid in cash, in shares of Common Stock valued at fair market value on the exercise date or through a cashless exercise procedure involving a same-day sale of the purchased shares. The Company may also finance the option exercise by loaning the optionee sufficient funds to pay the exercise price for the purchased shares and the Federal and state income tax liability incurred by the optionee in connection with such exercise. The Compensation Committee has the discretionary authority to reprice outstanding options under the Option Plan through the cancellation of those options and the grants of replacement options with an exercise price equal to the lower fair market value of the option shares on the regrant date.
- (4) These gains are based on annual compounded rates of growth of the price of Common Stock mandated by the SEC of 5% and 10% per year from the date the option was granted over the full option term. These rates do not represent the Company's estimate or projection of future Common Stock prices. There is no assurance that the values that may be realized by a Named Executive Officer on exercise of his options or any other holder of the Common Stock will be at or near the value estimated in the foregoing table. Unless the market price of the Common Stock appreciates over the option term, no value will be realized from these grants.

Stock Option Exercises and Holdings

The following table provides information with respect to the Named Executive Officer concerning the exercise of options during the 2003 fiscal year and unexercised options held as of the end of such fiscal year. No stock appreciation rights were exercised during the 2003 fiscal year and except for the limited stock appreciation rights described in footnote 1 to the table above, no stock appreciation rights were held by any Named Executive Officer at the end of such fiscal year.

Employment Agreements, Termination of Employment and Change in Control Arrangements

On January 26, 1988, the Company and North Star entered into an employment agreement with Mr. Clemons. The agreement became effective on February 15, 1988 and has an indefinite term. The agreement provides Mr. Clemons with an annual salary of \$250,000, payable in semi-monthly installments. Mr. Clemons may terminate the agreement at any time on four months notice and the Company may terminate the agreement at any time with or without cause. If Mr. Clemons is terminated without cause, the Company is required to pay Mr. Clemons his salary for one year after such termination, less any other employment compensation received by Mr. Clemons during such one year period. The Compensation Committee approved an increase in Mr. Clemons' annual salary to \$350,000, effective January 1, 2002.

The Company does not have any existing employment agreements with any other Named Executive Officer.

In the event of a Corporate Transaction, each outstanding option granted under the Discretionary Option Grant Program will automatically become exercisable as to all of the option shares immediately prior to the effective date of the Corporate Transaction. However, no acceleration will occur if and to the extent: (a) such option is either to be assumed by the successor corporation or parent thereof or replaced by a comparable option to purchase shares of the capital stock of the successor corporation or parent thereof, (b) such option is to be replaced with a cash incentive program of the successor corporation designed to preserve the option spread existing at the time of the Corporate Transaction and incorporating the same vesting schedule applicable to the option or (c) acceleration of such option is subject to other applicable limitations imposed by the Compensation Committee at the time of grant.

The Compensation Committee, as the administrator of the Option Plan, has the authority to provide for accelerated vesting of the shares of Common Stock subject to any outstanding options held by any of the Named Executive Officers in connection with certain changes in control of the Company or the subsequent termination of the officer's employment following a change in control.
