ITEM 5. Other Events and Regulation FD Disclosure.

On July 17, 2003, Hawaiian Holdings, Inc. (the "Company"), issued a news release indicating that the Company needs information and financial support from its subsidiary, Hawaiian Airlines, Inc. ("Hawaiian Airlines"), which is in Chapter 11 reorganization, if it is to avoid the de-listing of its shares from the American Stock Exchange and meet the filing deadline of August 15 for its Quarterly Report on Form 10-Q for the three-month period ended June 30, 2003. The news release further provides that since the Company was formed, Hawaiian Airlines has taken steps to support the Company's status as a public company and that, without this cooperation and support, it has become increasingly unlikely that the Company will be able to meet its obligations as a public company. The Company added that it is in contact with the newly-appointed trustee overseeing Hawaiian Airlines in Chapter 11 reorganization to gain access to the needed information and funds necessary to maintain public status. A copy of the news release is filed as Exhibit 99.1 to, and is incorporated by reference in, this Current Report on Form 8-K.

This current report on Form 8-K contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 that reflect the current views of the Company and Hawaiian Airlines with respect to certain current and future events and financial performance. Such forward-looking statements are and will be, as the case may be, subject to many risks, uncertainties and factors relating to the operations and business environments of the Company and Hawaiian Airlines which may cause the actual results of the Company and Hawaiian Airlines to be materially different from any future results, expressed or implied, in such forward-looking statements.

Edgar Filing: HAWAIIAN HOLDINGS INC - Form 8-K

Factors that could cause actual results to differ materially from these forward-looking statements include, but are not limited to, the following: the ability of the Company and Hawaiian Airlines to continue as a going concern; the ability of Hawaiian Airlines to obtain court approval with respect to motions in the Chapter 11 proceeding prosecuted by it from time to time; the ability of Hawaiian Airlines to develop, prosecute, confirm and consummate one or more plans of reorganization with respect to the Chapter 11 case; risks associated with third parties seeking to propose and confirm one or more plans of reorganization with respect to the Chapter 11 case; risks associated with the appointment of a Chapter 11 Trustee and the ability of the Chapter 11 trustee to successfully manage the day-to-day operations of Hawaiian Airlines; risks associated with the Chapter 11 trustee or third parties seeking to convert the case to a Chapter 7 case; the ability of Hawaiian Airlines to obtain and maintain normal terms with vendors and service providers; the ability of Hawaiian Airlines to maintain contracts that are critical to its operations; the potential adverse impact of the Chapter 11 case on the liquidity or results of operations of the Company and Hawaiian Airlines; the ability of Hawaiian Airlines to fund and execute their business plan; the ability of the Company and Hawaiian Airlines to attract, motivate and/or retain key executives and associates; the ability of Hawaiian Airlines to attract and retain customers; demand for transportation in the markets in which Hawaiian Airlines operates; economic conditions; the effects of any hostilities or act of war (in the Middle East or elsewhere) or any terrorist attack; labor costs; financing costs; the cost and availability of aircraft insurance; aviation fuel costs; security-related costs; competitive pressures on pricing (particularly from lower-cost competitors); weather conditions; government legislation and regulation; consumer perceptions of the products of Hawaiian Airlines; and other risks and uncertainties set forth from time to time in the Company's reports to the U.S. Securities and Exchange Commission.

Similarly, these and other factors, including the terms of any reorganization plan ultimately confirmed, can affect the value of the various pre-petition liabilities of Hawaiian Airlines and the common stock and/or other equity securities of the Company. No assurances can be given as to what values, if any, will be ascribed in the bankruptcy proceedings to each of these constituencies, and it is possible that Company's equity will be restructured in a manner that will substantially reduce or eliminate any remaining value. Accordingly, the Company urges that the appropriate caution be exercised with respect to existing and future investments in any of these liabilities and/or securities.
