PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Interneuron Pharmaceuticals, Inc., a Delaware corporation (the "Company"), for the Annual Meeting of Stockholders to be held at The Doubletree Guest Suites, 550 Winter Street, Waltham, Massachusetts 02451 on March 6, 2002, at 10:00 a.m. local time and for any adjournment or adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Any stockholder giving such a proxy has the power to revoke it at any time before it is voted. Written notice of such revocation should be forwarded directly to the Executive Vice President, Chief Financial Officer and Treasurer of the Company, at the Company's above stated address. Attendance at the Annual Meeting will not have the effect of revoking the proxy unless such written notice is given or the stockholder votes by ballot at the Annual Meeting.

If the enclosed proxy is properly executed and returned, the shares represented thereby will be voted in accordance with the directions thereon and otherwise in accordance with the judgment of the persons designated as proxies. Any proxy on which no direction is specified will be voted in favor of the actions described in this Proxy Statement, including the election of the nominees set forth under the caption "Election of Directors," the amendment of the Company's Restated Certificate of Incorporation, as amended (the "Restated Certificate"), to change the Company's name to "Indevus Pharmaceuticals, Inc." and to delete certain restrictive covenants relating to the Company's Series B Preferred Stock, the amendment of the Company's 2000 Stock Option Plan (the "2000 Plan") and the approval and ratification of the appointment of PricewaterhouseCoopers LLP as the independent auditors of the Company.

The approximate date on which this Proxy Statement and the accompanying form of proxy will first be mailed or given to the Company's stockholders is February 6, 2002.

Edgar Filing: INTERNEURON PHARMACEUTICALS INC - Form DEF 14A

Your vote is important. Accordingly, you are urged to sign and return the accompanying proxy card whether or not you plan to attend the Annual Meeting. If you do attend, you may vote by ballot at the Annual Meeting, thereby canceling any proxy previously given.

VOTING SECURITIES AND VOTING RIGHTS

Holders of shares of Common Stock, par value \$.001 per share (the "Shares"), and holders of shares of Series B and Series C Preferred Stock, par value \$.001 per share (the "Preferred Shares"), of record as of the close of business on January 10, 2002, are entitled to notice of, and to vote at, the Annual Meeting on all matters except that the holders of the Preferred Shares are not entitled to vote for the election of directors. Except as set forth in the preceding sentence, each outstanding Share is entitled to one vote upon all matters to be acted upon at the Annual Meeting. For purposes of voting at the Annual Meeting on all matters except the election of directors, the Preferred Shares are treated as converted into Shares.

Accordingly, on the record date there were issued and outstanding an aggregate of (i) 46,503,883 Shares entitled to vote for the election of directors, and (ii) 47,126,105 Shares, giving effect to the right to vote 622,222 Shares held by the holder of the 244,425 Preferred Shares, voting as one class after conversion of such Preferred Shares, entitled to vote on all other matters. A majority of the outstanding Shares entitled to vote on any matter and represented at the Annual Meeting in person or by proxy shall constitute a quorum. Assuming a quorum is present, (i) the affirmative vote of a plurality of the 46,503,883 Shares so represented and entitled to vote is necessary to elect the directors and (ii) the affirmative vote of a majority of the 47,126,105 Shares so represented and entitled to vote, excluding broker non-votes, is necessary to approve and ratify the amendments to the Restated Certificate, the amendment to the 2000 Plan and the appointment of PricewaterhouseCoopers LLP as the independent auditors of the Company.

Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. If a stockholder, present in person or by proxy, abstains on any matter, the stockholder's Shares will not be voted on such matter. Thus, an abstention from voting on any matter has the same legal effect as a vote "against" the matter, even though the stockholder may interpret such action differently. Except for determining the presence or absence of a quorum for the transaction of business, broker non-votes are not counted for any purpose in determining whether a matter has been approved. Delaware law does not afford our stockholders the opportunity to dissent from the actions described in the proposals herein and receive value for their Shares.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

Glenn L. Cooper, M.D.

Effective May 1, 1999, the Company entered into an employment agreement (the "Cooper Agreement") with Dr. Glenn L. Cooper, which supersedes the Company's prior employment agreement with Dr. Cooper, for Dr. Cooper to continue to serve as Chief Executive Officer and President of the Company for a term of three years. The Cooper Agreement provides for an annual base salary of \$350,000, subject to increase at the discretion of the Board of Directors, plus bonuses pursuant to the Company's Senior Executive Bonus Plan and eligibility to receive grants of stock options pursuant to the Company's stock option plans, as approved by the Board of Directors or the Compensation Committee of the Board of Directors. The Company provides Dr. Cooper with a \$1,000,000 life insurance policy payable to the beneficiary of his choice.

9

The Cooper Agreement provides that Dr. Cooper may not, during the term of the Cooper Agreement and for a year from the date of termination of employment, engage in any business competitive with the Company or its research activities, unless such termination is by Dr. Cooper for "Just Cause," as such term is defined in the Cooper Agreement. If Dr. Cooper is terminated for reasons other than "Just Cause" or a "Change in Control," as such terms are defined in the Cooper Agreement, he is entitled to receive his base salary plus pro-rated average bonuses, for a period equal to the longer of (a) the remainder of the term of the Cooper Agreement or (b) twelve (12) months from the termination

Edgar Filing: INTERNEURON PHARMACEUTICALS INC - Form DEF 14A

date of the Cooper Agreement, either in a lump sum or installments, at the discretion of the Company.

Mark S. Butler, Michael W. Rogers and Bobby W. Sandage, Jr., Ph.D.

The Company has entered into employment agreements (the "Agreements") with Mark S. Butler, Michael W. Rogers and Bobby W. Sandage, Jr., Ph.D. (individually the "Executive Vice President" and collectively the "Executive Vice Presidents"). The Company's agreement with Mr. Butler, effective March 15, 1999, provides for Mr. Butler to continue to serve as the Company's Executive Vice President, Chief Administrative Officer and General Counsel. The Company's agreement with Mr. Rogers, effective February 23, 1999, provides for Mr. Rogers to serve as the Company's Executive Vice President and Chief Financial Officer (the "Rogers Agreement"). The Company's agreement with Dr. Sandage, effective March 15, 1999, provides for Dr. Sandage to continue to serve as the Company's Executive Vice President, Research and Development and Chief Scientific Officer.

Each of the Agreements provides for a term of one year, subject to automatic one year renewal periods unless notice of termination is given by either the Company or the respective Executive Vice President within sixty (60) days prior to each anniversary date of the respective agreement. The Agreements each provide for an annual base salary of \$265,000, subject to increase at the discretion of the Board of Directors and for eligibility to participate in the Company's Senior Executive Bonus Plan, subject to certain restrictions. Pursuant to the Rogers Agreement, Mr. Rogers received specific grants of options to purchase Shares under the Company's stock option plans and a restricted stock award under the Company's 1997 Plan. Under the Agreements, the Company will also reimburse the Executive Vice Presidents for the premiums for \$1,000,000 additional term life insurance during the term of each of the Executive Vice President's employment.

In the event any of the Executive Vice Presidents terminates his respective employment with the Company for "Just Cause," including a "Change of Control," as such terms are defined in the respective Agreements, or if an Agreement is not renewed by the Company, the respective Executive Vice President is entitled to receive his base salary plus pro-rated average bonuses for a period of twelve (12) months following such termination. This amount may be paid either in a lump sum or installments, at the discretion of the Company, and is subject to set-off from other employment.

In the event of certain transactions, including those which may result in a Change in Control, as defined under each of the Company's 1989 Plan, 1994 Plan, 1997 Plan, 1998 Plan and 2000 Plan, unvested installments of options to purchase Shares or awards of restricted stock held by executive officers of the Company may be subject to accelerated vesting.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act requires the Company's executive officers and directors and other persons who beneficially own more than 10% of a registered class of the Company's equity securities to file with the S.E.C. initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Such executive officers, directors, and greater than 10% beneficial owners are required by S.E.C. regulation to furnish the Company with copies of all Section 16(a) forms filed by such reporting persons.

Edgar Filing: INTERNEURON PHARMACEUTICALS INC - Form DEF 14A

Based solely on the Company's review of such forms furnished to the Company, with the exception of Mark S. Butler, the Executive Vice President, Chief Administrative Officer and General Counsel of the Company, who filed a Form 5 under Section 16(a) to report a filing which should have been earlier reported on a Form 4, the Company believes that all filing requirements applicable to the Company's executive officers, directors and greater than 10% beneficial owners were complied with for fiscal 2001.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2001, the members of the Compensation Committee were: Mr. Gray, General Haig, Dr. Morville and Mr. Sharrock. In fiscal 2001, none of the members of the Compensation Committee was an officer or employee of the Company or any of its subsidiaries. In fiscal 2001, the Company paid or accrued to Mr. Sharrock consulting fees for consulting services rendered by Mr. Sharrock to the Company of \$32,000.

AUDIT COMMITTEE REPORT(1)

The Audit Committee consists of General Haig, Mr. Schroeder and Mr. Sharrock. Each of the members of the Audit Committee is "independent" pursuant to Rule 4200(a)(15) of the National Association of Securities Dealers' ("NASD") listing standards. The Audit Committee operates in accordance with its written charter adopted by the Board of Directors on June 7, 2000. During the fiscal year ended September 30, 2001, the Audit Committee met twice.

The Audit Committee assists the Board by overseeing the performance of the independent auditors and the quality and integrity of the Company's internal accounting, auditing and financial reporting practices. The Audit Committee's primary duties and responsibilities are to: (1) serve as an independent and objective party to monitor the Company's financial reporting process and internal control system; (2) review and appraise the audit efforts of the Company's independent auditors; and (3) provide an open avenue of communication among the independent auditors, the Company's financial and senior management and the Board of Directors.

In discharging its oversight responsibility of the audit process, the Audit Committee obtained from the independent auditors, PricewaterhouseCoopers LLP, a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any relationships that may impact their objectivity and independence, and satisfied itself as to the auditors' independence.

The Audit Committee discussed and reviewed the audited financial statements of the Company for the fiscal year ended September 30, 2001 with management. The Audit Committee has discussed with its independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended "Communication with Audit Committees" and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended September 30, 2001, for filing with the S.E.C. The Audit Committee also recommended the reappointment, subject to stockholder approval, of the independent auditors, and the Board concurred in such recommendation.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION (2)

General

The goal of the Company's executive compensation policy is to ensure that an appropriate relationship exists between executive compensation and the creation of stockholder value, while at the same time attracting, motivating and retaining qualified executive officers. Accordingly, compensation structures for the named executive officers of the Company generally include a combination of salary, bonuses and long-term compensation. The Compensation Committee's informal executive compensation philosophy considers a number of factors, which may include:

- . providing compensation levels competitive with companies in comparable industries which are at a similar stage of development, or undergoing similar corporate events, and which are located in the Company's geographic area;
- . identifying appropriate performance goals for the Company and providing flexibility in compensation levels with the achievement of such goals;
- . rewarding above average corporate performance; and
- . recognizing and providing incentive for individual initiative and achievement.

Base Salary

Base salary for fiscal 2001 was determined based on a range of measures and internal targets set before the start of the fiscal year and in part by comparison to the compensation of executive officers of comparable biotechnology and pharmaceutical companies.

Bonuses

Bonus compensation for fiscal 2001 was contingent upon the Company achieving certain business and financial objectives during the fiscal year. In formulating the Senior Executive Bonus Plan for fiscal 2001 for executive officers of the Company, including Dr. Cooper, the Compensation Committee adopted performance measures tied to a number of business and financial objectives to be achieved during fiscal 2001 and assigned relative weight to each objective. The Senior Executive Bonus Plan for fiscal 2001 entitled the named executive officers of the Company to a bonus equal to varying percentages of base salary depending upon achieving these objectives which included:

- . achievement of certain defined clinical or regulatory product

Edgar Filing: INTERNEURON PHARMACEUTICALS INC - Form DEF 14A

development milestones;

- . out-licensing of certain compounds to a corporate development/marketing partner on terms approved by the Board of Directors;
- . in-licensing or acquisition of a significant new asset;
- . the fair market value of Shares relative to specified indices;
- . maintaining certain levels of cash; and
- . substantial mitigation of the Company's exposure to Redux-related product liability litigation.

The Committee considered the Company's performance under these measures for fiscal 2001 and used their subjective judgment and discretion, in accordance with the parameters of the Senior Executive Bonus Plan for fiscal 2001, to make a recommendation to the Board of Directors in approving individual compensation. Under the terms of the Senior Executive Bonus Plan for fiscal 2001, the Board approved a bonus to Dr. Cooper of \$328,125.

12

Glenn L. Cooper, M.D.

The compensation received during fiscal 2001 by Dr. Cooper was governed by the Cooper Agreement and substantially in accordance with the policies described above relating to all executive officers. In addition, in adopting the Senior Executive Bonus Plan for fiscal 2001 and establishing the percentage of salary used in calculating the bonus payment to Dr. Cooper, and recommending approval of such bonus, members of the Compensation Committee also considered a subjective evaluation of Dr. Cooper's performance and ability to influence the Company's near and long-term growth. The Compensation Committee considered Dr. Cooper's efforts and performance necessary to achieve specified objective criteria, as described above. See "Employment Agreements."

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the ability of the Company to deduct for tax purposes compensation over \$1,000,000 to any of the named executive officers unless, in general, the compensation is paid pursuant to a plan which is performance related, non-discretionary and has been approved by the Company's stockholders. The Company granted restricted stock awards pursuant to the 1997 Plan which, depending upon the fair market value of Shares on the date of vesting of such awards, may result in compensation expense that may not be deductible pursuant to Section 162(m) when recognized; approximately \$111,000 of such compensation was not deductible in fiscal 2001.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Dr. Rosenwald has received a management fee, which includes his out-of-pocket expenses incurred in providing services to the Company, of \$2,500

per month under a management agreement with the Company. For fiscal 2001, the Company paid or accrued \$27,692 to Dr. Rosenwald pursuant to this agreement.

14

In fiscal 2001, the Company granted options to certain of the Company's directors pursuant to automatic grant provisions under the 1994 Plan and granted Mr. Schroeder an option to purchase 50,000 Shares under the 1998 Plan to replace an unexercised option that expired in fiscal 2001. In accordance with the terms of the 1994 Plan, on the date following the Annual Meeting date, each of the directors of the Company (except Drs. Rosenwald and Cooper) will receive automatic grants of options to purchase 5,000 Shares, which will be exercisable at a price equal to the fair market value of the Company's Shares as determined on the date of grant. See "Director Compensation."

PROPOSAL NUMBER 2:

AMENDMENT OF THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED, TO CHANGE THE NAME OF THE COMPANY TO "INDEVUS PHARMACEUTICALS, INC."

On December 5, 2001, the Board of Directors of the Company approved, subject to stockholder approval, the adoption of an amendment to the Company's Restated Certificate of Incorporation, as amended, (the "Restated Certificate"), to change the name of the Company from "Interneuron Pharmaceuticals, Inc." to "Indevus Pharmaceuticals, Inc. " (the "Name Change"). After this Name Change is effective, Article FIRST of the Restated Certificate will read in its entirety as follows:

"FIRST: The name of the Corporation is Indevus Pharmaceuticals, Inc."

A form of Certificate of Amendment to the Restated Certificate is included in Appendix A attached hereto.

The Company believes the proposed Name Change will better reflect our current business model. The name "Interneuron" reflects our origins as a neurosciences company focusing on disorders of the central nervous system. However, our business model has evolved to the point where we are no longer limited to the development of drugs for neurological diseases. We currently seek product candidates on an international basis which address a host of therapeutic categories in addition to such disorders. The Company believes that the name "Indevus" better reflects our expanded business model.

The Name Change will not affect the validity of currently outstanding stock certificates. Our current stockholders will not be required to surrender or exchange any stock certificates that they now hold and should not send such certificates to us or to our transfer agent for exchange. Instead, when certificates are presented for transfer, new certificates bearing the new name will be issued.

The Company plans to effect the Name Change as soon as possible after the approval of stockholders by filing a Certificate of Amendment to the Restated Certificate with the Secretary of State of the State of Delaware in compliance with Delaware law.

The affirmative vote of the holders of a majority of the Shares as of the record date is required for the approval of the Name Change. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NUMBER 2 TO BE IN THE BEST INTERESTS OF THE COMPANY AND THE STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" THE APPROVAL AND

RATIFICATION THEREOF.

15

PROPOSAL NUMBER 3:

AMENDMENT OF THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED, TO DELETE CERTAIN RESTRICTIVE COVENANTS RELATING TO THE COMPANY'S SERIES B PREFERRED STOCK

On December 5, 2001, the Board of Directors approved, subject to stockholder approval, the adoption of an amendment to the Company's Restated Certificate to delete certain restrictive covenants relating to the Company's Series B Preferred Stock (the "Series B Preferred"). Currently, the Restated Certificate provides that the Company must obtain the consent of at least a majority of the outstanding shares of all series of Preferred Stock initially issued in its entirety to American Cyanamid Company ("ACC"), voting as a single class, in order to effect certain actions. The Restated Certificate provides that such consent is required for the Company to merge or consolidate with any entity (other than a wholly-owned subsidiary of the Company), or sell, lease, mortgage or otherwise dispose of all or substantially all of its assets, or liquidate, dissolve, recapitalize or reorganize (each a "Sale Transaction"). American Home Products Corporation ("AHP"), as successor of ACC, is the sole owner of the Series B Preferred, and AHP executed a written waiver with respect to the foregoing restrictive covenants and consented to the proposed amendment of the Restated Certificate on June 22, 2001.

The Company has no present arrangements or commitments to effect a Sale Transaction. However, the Company believes that the proposed amendment would allow the Company greater flexibility in situations where a Sale Transaction is contemplated. If this amendment is approved, Article FOURTH, Section (B) (6) (d) of the Restated Certificate would be deleted in its entirety. A form of Certificate of Amendment to the Restated Certificate is included in Appendix A attached hereto.

On December 5, 2001, the Board of Directors approved the adoption of an amendment to the Company's Certificate of Designation to delete certain restrictive covenants which relate to the Company's Series C Preferred Stock (the "Series C Preferred"). These restrictive covenants are the same as those which the Board of Directors is proposing to be removed from the Company's Restated Certificate. AHP is the sole owner of the Series C Preferred, and AHP executed a written waiver with respect to the Series C Preferred and consented to the amendment of the Certificate of Designation on June 22, 2001.

The affirmative vote of the holders of a majority of the Shares as of the record date is required for the approval of the Company's amendment to the Restated Certificate. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NUMBER 3 TO BE IN THE BEST INTERESTS OF THE COMPANY AND THE STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" THE APPROVAL AND RATIFICATION THEREOF.

16

PROPOSAL NUMBER 4:

AMENDMENT OF THE COMPANY'S 2000 STOCK OPTION PLAN

Edgar Filing: INTERNEURON PHARMACEUTICALS INC - Form DEF 14A

General

On March 8, 2000 the stockholders approved the 2000 Plan which had been adopted by the Board of Directors on January 19, 2000. Pursuant to the 2000 Plan, employees, officers, directors and consultants of the Company and any subsidiary corporations are eligible to receive incentive stock options ("incentive options") within the meaning of Section 422 of the U.S. Internal Revenue Code (the "Code"), and options that do not qualify as incentive options ("non-qualified options") (collectively the "Options"). The 2000 Plan originally reserved for issuance 2,500,000 Shares of the Company's Common Stock.

On December 5, 2001, the Board of Directors of the Company authorized, subject to stockholder approval, an amendment to the 2000 Plan to increase the number of Shares reserved for issuance from 2,500,000 to 3,500,000 (the "Amended 2000 Plan"). No other provision of the 2000 Plan was amended and all other provisions remain in full force and effect. The characteristics of the Amended 2000 Plan are discussed below, and a copy of the amendment to the 2000 Plan is attached hereto as Appendix B. As of January 10, 2002, the market value per share of the Company's Common Stock underlying the Options which would be issuable pursuant to the Amended 2000 Plan was \$11.72.

The Amended 2000 Plan, which expires in January 2010, is administered by the Board of Directors or a committee of the Board of Directors (the "Committee"). The purposes of the Amended 2000 Plan are to attract, motivate and insure the retention of key employees, directors and consultants and to provide additional incentive by permitting such individuals to participate in the ownership of the Company, and the criteria to be utilized by the Board of Directors or the Committee in granting options pursuant to the Amended 2000 Plan will be consistent with these purposes.

Options

Options granted under the Amended 2000 Plan may be either incentive options or non-qualified options. Incentive options granted under the Amended 2000 Plan are exercisable for a period of up to ten (10) years from the date of grant at an exercise price which is not less than the fair market value of the Shares on the date of the grant, except that the term of an incentive option granted under the Amended 2000 Plan to a stockholder owning more than 10% of the outstanding voting power may not exceed five years and its exercise price may not be less than 110% of the fair market value of the Shares on the date of the grant. To the extent that the aggregate fair market value, as of the date of the grant, of the Shares for which incentive options become exercisable for the first time by an optionee during the calendar year exceeds \$100,000, the portion of such option which is in excess of the \$100,000 limitation will be treated as a non-qualified option. Additionally, the aggregate number of Shares that may be subject to options granted to any person in a calendar year shall not exceed 50% of the maximum number of Shares which may be issued from time to time under the Amended 2000 Plan. Options granted under the Amended 2000 Plan to employees of the Company may be exercised only while the optionee is employed or retained by the Company or within six months of the date of termination of the employment relationship (three months in case of incentive options). However, options which are exercisable at the time of termination by reason of death or permanent disability of the optionee may be exercised within 12 months of the date of termination of the employment relationship. Upon the exercise of an option, payment may be made by cash or by any other means that the Board of Directors or the Committee determines. No option may be granted under the Amended 2000 Plan after January 2010.

Options may be granted to such employees, officers, directors or consultants of the Company or any subsidiary of the Company as the Board of Directors or the Committee shall select from time to time in its sole discretion, provided

Edgar Filing: INTERNEURON PHARMACEUTICALS INC - Form DEF 14A

that only employees of the Company or a subsidiary of the Company shall be eligible to receive incentive options.

17

As of January 10, 2002, approximately 27 employees and directors of the Company were eligible to receive grants under the Amended 2000 Plan. The number of future officers and directors of the Company eligible to receive grants under the Amended 2000 Plan is not determinable. An optionee may be granted more than one option under the Amended 2000 Plan. The Board of Directors or the Committee will, in its discretion, determine (subject to the terms of the Amended 2000 Plan) who will be granted options, the time or times at which options shall be granted, and the number of Shares subject to each option, whether the options are incentive options or non-qualified options, and the manner in which options may be exercised. In making such determination, consideration may be given to the value of the services rendered by the respective individuals, their present and potential contributions to the success of the Company and its subsidiaries and such other factors deemed relevant in accomplishing the purpose of the Amended 2000 Plan.

Under the Amended 2000 Plan, the optionee has none of the rights of a stockholder with respect to the Shares issuable upon the exercise of the option until such Shares shall be issued upon such exercise. No adjustment shall be made for dividends or distributions or other rights for which the record date is prior to the date of exercise, except as provided in the Amended 2000 Plan. During the lifetime of the optionee, an option shall be exercisable only by the optionee. No option may be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of decent and distribution, except that non-qualified options may be transferred by the optionee during his lifetime to certain permitted transferees, subject to certain conditions.

The Board of Directors may amend or terminate the Amended 2000 Plan except that stockholder approval is required if required by Rule 16b-3 or Section 422 of the Code. No action taken by the Board may materially and adversely affect any outstanding option grant without the consent of the optionee.

Change in Control

The Amended 2000 Plan provides for acceleration of vesting in the event of certain changes in control. Such acceleration may cause the consideration involved to be treated in whole or in part as parachute payments under the Code. Acceleration of benefits under other Company plans and other contracts with employees in the event of such change of control could be subject to being combined with the Amended 2000 Plan accelerations for "parachute payment" purposes. Any such "parachute payments" may be non-deductible to the Company in whole or in part and the optionee may be subject to a 20% excise tax on all or part of such payments (in addition to other taxes ordinarily payable).

Federal Income Tax Consequences

Under current tax law, there are no Federal income tax consequences to either the employee or the Company at the time of grant of non-qualified options if granted under the terms set forth in the Amended 2000 Plan. Upon exercise of a non-qualified option, the excess of the fair market value of the Shares subject to the option over the option price (the "Spread") at the date of exercise is taxable as ordinary income to the optionee in the year it is exercised and is generally deductible by the Company as compensation for Federal income tax purposes. The optionee's basis in the Shares will be equal to the fair market value on the date taxation is imposed and the holding period

Edgar Filing: INTERNEURON PHARMACEUTICALS INC - Form DEF 14A

commences on such date.

Incentive option holders incur no regular Federal income tax liability at the time of grant or upon exercise of such option, assuming that the optionee was an employee of the Company from the date the option was granted until three months before such exercise. However, upon exercise, the Spread must be added to regular Federal taxable income in computing the optionee's "alternative minimum tax" liability. An optionee's basis in the Shares received on exercise of an incentive stock option will be the option price of such Shares for regular income tax purposes. No deduction is allowable to the Company for Federal income tax purposes in connection with the grant or exercise of such option.

18

If the holder of Shares acquired through exercise of an incentive option sells or otherwise disposes of such Shares within two years of the date of grant of such option or within one year from the date of exercise of such option (a "Disqualifying Disposition"), the optionee will realize income taxable at ordinary rates. Ordinary income is reportable during the year of such Disqualifying Disposition equal to the difference between the option price and the fair market value of the Shares at the date the option is exercised, but the amount includable as ordinary income shall not exceed the excess, if any, of the proceeds of such Disqualifying Disposition over the option price. In addition to ordinary income, a Disqualifying Disposition may result in taxable income subject to capital gains treatment if the sales proceeds exceed the optionee's basis in the Shares (i.e., the option price plus the amount includable as ordinary income). The amount of the optionee's taxable ordinary income will generally be deductible by the Company in the year of the Disqualifying Disposition.

At the time of sale of Shares received upon exercise of an option (other than a Disqualifying Disposition of Shares received upon the exercise of an incentive option), any gain or loss is long-term or short-term capital gain or loss, depending upon the holding period. If the Optionee disposes of Shares received upon exercise of an option within 12 months of the Exercise date, the Optionee recognizes short-term capital gain in the year of disposition in an amount equal to the excess (if any) of the sales proceeds of the Shares over the exercise price. If the Optionee disposes of Shares more than 12 months after the Exercise Date, the Optionee will recognize capital gains taxed at up to the maximum federal rate of 20%.

The foregoing is not intended to be an exhaustive analysis of the tax consequences relating to stock options issued under the Amended 2000 Plan. For instance, the treatment of options under state and local tax laws, which are not described above, may differ from their treatment for Federal income tax purposes.

Section 162(m) Limits on Deductibility

Executive officers subject to Section 162(m) of the Code may receive options under the Amended 2000 Plan. Assuming stockholder approval of the Amended 2000 Plan, the Company believes the Amended 2000 Plan should meet the requirements of Section 162(m).

On June 29, 2000 the Company filed a Registration Statement on Form S-8 relating to the issuance of the Shares under the 2000 Plan. If the Amended 2000 Plan is approved by the stockholders, the Company plans to file a Post-effective Amendment to the Form S-8 registering the additional Shares issuable under the Amended 2000 Plan.

Amended 2000 Plan Benefits

Options under the Amended 2000 Plan may be granted at the discretion of the Board of Directors. As of this date, it is not possible to determine in advance when or whether future option grants may be made under the Amended 2000 Plan, or to whom such grants may be made. Therefore the "New Plan Benefits Table" has not been included. Additionally, no options have been granted to any participants under the Amended 2000 Plan and therefore the "Options Received Table" has also been omitted.

The affirmative vote of the holders of a majority of the Shares as of the record date is required for the approval of the Company's Amendment to the 2000 Plan. Abstentions and broker non-votes will have the same effect as a vote against the proposal.
