The Facility supplements the \$375 million credit facility, which is currently undrawn, between the Company and certain of the Lenders that expires in July 2010. Borrowings under the Facility, which is also currently undrawn, are unsecured and bear interest at the London Interbank Offered Rate (LIBOR) plus 250 basis points. The Facility also includes commitment fees of 37.5 basis points for the undrawn portion. The Facility expires in March 2013. The Company incurred fees of approximately \$9.9 million in connection with the Facility which will be amortized over the term of the Facility. The Facility contains customary terms, including leverage ratio covenants and events of default.

Certain of the Lenders in the Facility also participated in the 2005 Credit Facility.

A copy of the letter of termination of the 2005 Credit Facility is filed as Exhibit 10.2 to this Current Report on Form 8-K and incorporated herein by reference.
