**Forest Laboratories, Inc. Announces Additional Accelerated Share Repurchase**

NEW YORK, August 15, 2011 Forest Laboratories, Inc. (NYSE: FRX) announced today that it has entered into an agreement with Morgan Stanley & Co. Incorporated to repurchase an additional \$350 million of its common shares under an accelerated share repurchase program. Forest will acquire these common shares under the Board authorized fifty million share repurchase program announced on May 18, 2010.

The specific number of shares to be repurchased will be determined by the discounted volume-weighted average price of the stock during the term of the agreement, subject to collar provisions that establish the minimum and maximum price. The transaction is expected to be completed no later than the quarter ending September 30, 2012. All of the purchased shares will be retired. Prior to issuance of this press release, no trading activity occurred in the public market related to this accelerated share repurchase transaction.

We are pleased to announce this additional share repurchase transaction. We believe this is an opportune time for such a purchase based on market conditions and our cash balances in the United States, which enable us to return capital to shareholders while maintaining our commitment to new business development activities, said Howard Solomon, Chairman, Chief Executive Officer and President of Forest. This purchase is in addition to the \$500 million stock repurchase transaction that we executed in June, and the \$4.4 billion of capital that we already have returned to shareholders through repurchases over the past five years.
