Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

Set forth below is the consolidated ratio of earnings to fixed charges for each of the periods presented.

	Fiscal Year ended June 30,					Six Months ended December 31,	
	1998	1999	2000	2001	2002	2001	2002
Ratio of Earnings to Fixed Charges	2.47x	1.88x	1.54x	1.84x	2.68x	2.94x	2.59x

The ratio of earnings to fixed charges is calculated as follows:

$$\frac{(\text{earnings})}{(\text{fixed charges})}$$

For purposes of calculating the ratios, earnings consist of:

pre-tax income from continuing operations before minority interest in income from consolidated subsidiaries and income or loss from equity investees;

fixed charges;

amortization of capitalized interest; and

distributed income of equity investees;

minus capitalized interest; and

minus the minority interest in pre-tax income of subsidiaries that have not incurred fixed charges.

For purposes of calculating the ratios, fixed charges consist of:

interest expensed and capitalized;

amortized premiums, discounts and capitalized expenses related to indebtedness; and

an estimate of the interest portion of rental expense on operating leases.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of our debt securities. The prospectus supplement will describe the specific terms of the debt securities offered through that prospectus supplement and any general terms outlined in this section that will not apply to those debt securities.

The debt securities will be issued under an indenture dated as of June 1, 1986 between us and JPMorgan Chase Bank, as trustee. The indenture has been amended and supplemented by a supplemental indenture dated as of August 1, 1989 and amended by the Trust Indenture Reform Act of 1990. We have summarized certain terms and provisions of the indenture in this section. We have also filed the indenture as an exhibit to the registration statement. You should read the indenture for additional information before you buy any debt securities. The summary that follows includes references to section numbers of the indenture so that you can more easily locate these provisions.

General

Edgar Filing: ARCHER DANIELS MIDLAND CO - Form S-3

The debt securities will be our unsecured and unsubordinated obligations ranking on parity with all of our other unsecured and unsubordinated indebtedness.

The indenture does not limit the amount of debt securities that we may issue and provides that we may issue debt securities from time to time in one or more series. (*Section 301*).

Table of Contents

A prospectus supplement relating to a series of debt securities being offered will include specific terms relating to the offering. (Section 301). These terms will include some or all of the following:

any events of default which will apply to the debt securities in addition to those contained in the indenture;

any additional covenants applicable to the debt securities;

If the purchase price of any of the debt securities is denominated in a foreign or composite currency or currencies, or if the principal of and any premium and interest on any series of debt securities is payable in a foreign or composite currency or currencies, then the restrictions, elections, general tax considerations, specific terms and other information with respect to such issue of debt securities and such foreign or composite currency or currencies will be set forth in the applicable prospectus supplement.

When we use the term **holder** in this prospectus with respect to a registered debt security, we mean the person in whose name such debt security is registered in the security register. (*Section 101*).

Denominations, Registration and Transfer

We may issue the debt securities as registered securities, bearer securities or both. We may issue debt securities in the form of one or more global securities, as described below under **Global Securities**. Unless we state otherwise in the applicable prospectus supplement, registered securities denominated in U.S. dollars will be issued only in denominations of \$1,000 or multiples of \$1,000. Bearer securities denominated in U.S. dollars will be issued only in denominations of \$5,000 with coupons attached. A global security will be issued in a denomination equal to the total principal amount of outstanding debt securities represented by that global security. The prospectus supplement relating to debt securities denominated in a foreign or composite currency will specify the denominations of the debt securities. (*Sections 201, 203, 301 and 302*).

See **Global Securities** and **Bearer Debt Securities** below.

You may exchange any debt securities of a series for other debt securities of that series if the other debt securities are denominated in authorized denominations and have the same aggregate principal amount and the same terms as the debt securities that were surrendered for exchange. In addition, if debt securities of any series are issuable as both registered securities and as bearer securities, you may, subject to the terms of the indenture, exchange bearer securities (with all unmatured coupons, except as provided below, and all matured coupons in default attached) of the series for registered securities of the same series of any authorized denominations and that have the same aggregate principal amount and the same terms as the debt securities that were surrendered for exchange.

Unless we state otherwise in the applicable prospectus supplement, any bearer security surrendered in exchange for a registered security between a record date and the relevant date for payment of interest shall be surrendered without the coupon relating to such date for payment of interest attached. Interest will not be payable on the registered security on the relevant date for payment of interest issued in exchange for the bearer security, but will be payable only to the holder of such coupon when due in accordance with the terms of the indenture.

Unless we state otherwise in the applicable prospectus supplement, bearer securities will not be issued in exchange for registered securities. (*Section 305*).

Table of Contents

The debt securities (other than a global security) may be presented for registration of transfer, duly endorsed or accompanied by a satisfactory written instrument of transfer, at the office or agency maintained by us for that purpose in a place of payment. There will be no service charge for any registration of transfer or exchange of the debt securities, but we may require you to pay any tax or other governmental charge payable in connection with a transfer or exchange of the debt securities. (*Section 305*). If the applicable prospectus supplement refers to any office or agency, in addition to the security registrar, initially designated by us where you can surrender the debt securities for registration of transfer or exchange, we may at any time rescind the designation of any such office or agency or approve a change in the location. If debt securities of a series are issuable only as registered securities, we will be required to maintain a transfer agent in each place of payment for such series. If debt securities of a series are issuable as bearer securities, we will be required to maintain, in addition to the security registrar, a transfer agent in a place of payment for such series located outside the United States. We may at any time designate additional transfer agents with respect to any series of debt securities. (*Section 1002*).

If we redeem the debt securities in part, we shall not be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before the day of the mailing of a notice of redemption of debt securities selected to be redeemed and ending at the close of business on:

the day of mailing of the relevant notice of redemption, if debt securities of the series are issuable only as registered securities, or

the day of the first publication of the relevant notice of redemption, if debt securities of the series are issuable as bearer securities, or

the mailing of the relevant notice of redemption, if debt securities of that series are also issuable as registered securities and there is no publication;

register the transfer of or exchange any registered security called for redemption, except for the unredeemed portion of any registered security being redeemed in part; or

exchange any bearer security called for redemption, except to exchange the bearer security for a registered security of that series and like tenor which is immediately surrendered for redemption. (*Section 305*).

Original Issue Discount Securities

Debt securities may be issued under the indentures as original issue discount securities and sold at a discount below their stated principal amount. If a debt security is an original issue discount security, an amount less than the principal amount of the debt security will be due and payable upon a declaration of acceleration of the maturity of the debt security under the applicable indenture. (*Section 101*) The applicable prospectus supplement will describe the federal income tax consequences and other special factors you should consider before purchasing any original issue discount securities.

Payments and Paying Agents

Unless we state otherwise in the applicable prospectus supplement, payment of principal and any premium and interest on registered securities, other than a global security, will be made at the office of the paying agent or paying agents we may designate from time to time. At our option, payment of any interest may be made (i) by check mailed to the address of the payee entitled to payment at the address listed in the security register, or (ii) by wire transfer to an account maintained by the payee as specified in the security register. (*Sections 305, 307 and 1002*). Unless we state otherwise in the applicable prospectus supplement, payment of any installment of interest on registered securities will be made to the person in whose name the registered security is registered at the close of business on the regular record date for such interest payment. (*Section 307*).

Table of Contents

Unless we state otherwise in the applicable prospectus supplement, payment of principal and any premium and interest on bearer securities will be payable, subject to applicable laws and regulations, at the offices of the paying agent or paying agents outside the United States that we may designate from time to time. At our option, payment of any interest may be made by check or by wire transfer to an account maintained by the payee outside the United States. (*Sections 307 and 1002*). Unless we state otherwise in the applicable prospectus supplement, payment of interest on bearer securities on any interest payment date will be made only against surrender of the coupon relating to that interest payment date. (*Section 1001*). No payment on any bearer security will be made:

at any of our offices or agencies in the United States;

by check mailed to any address in the United States; or

by transfer to an account maintained in the United States.

Neither we nor our paying agents will make payment on bearer securities or coupons, or upon any other demand for payment, if you present them to us or our paying agents within the United States. Notwithstanding the foregoing, payment of principal of and any premium and interest on bearer securities denominated and payable in U.S. dollars will be made at the office of our paying agent in the United States if, and only if:

payment of the full amount payable in U.S. dollars at all offices or agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions; and

we have delivered to the trustee an opinion of counsel to that effect. (*Section 1002*).

Unless we state otherwise in the applicable prospectus supplement, the principal office of the trustee in New York City will be designated as our sole paying agent for payments on debt securities that are issuable only as registered securities. We will name in the applicable prospectus supplement any paying agent outside the United States, and any other paying agent in the United States, initially designated by us for the debt securities. We may, at any time:

designate additional paying agents;

rescind the designation of any paying agent; or

approve a change in the office through which any paying agent acts.

If debt securities of a series are issuable only as registered securities, we will be required to maintain a paying agent in each place of payment for that series. If debt securities of a series are issuable as bearer securities, we will be required to maintain:

a paying agent in each place of payment for that series in the United States for payments on any registered securities of that series, and for payments on bearer securities of that series in the circumstances described in the second paragraph under **Payments and Paying Agents**;

a paying agent in each place of payment located outside the United States where debt securities of that series and any coupons may be presented and surrendered for payment. If the debt securities of that series are listed on The International Stock Exchange (London), the Luxembourg Stock Exchange or any other stock exchange located outside the United States and such stock exchange shall so require, then we will maintain a paying agent in London, Luxembourg City or any other required city located outside the United States for debt securities of that series; and

a paying agent in each place of payment located outside the United States where, subject to applicable laws and regulations, registered securities of that series may be surrendered for registration of transfer or exchange and where notices and demands to or upon us may be served. (*Section 1002*).

Table of Contents

Any money that we pay to a paying agent for the purpose of making payments on the debt securities and that remains unclaimed two years after the payments were due will be returned to us. After that time, any holder of a debt security or any coupon may only look to us for payments on the debt security or coupon. (*Section 1003*).

Global Securities

We may issue the debt securities of a series, in whole or in part, in the form of one or more global securities that will be deposited with, or on behalf of, a depositary identified in the applicable prospectus supplement. We may issue global securities (i) in either registered or bearer form, and (ii) in either temporary or permanent form. (*Sections 201, 203, 301, 304*). Unless and until it is exchanged for debt securities in definitive form, a temporary global security in registered form may not be transferred except as a whole by:

the depositary for the global security to a nominee of the depositary;

a nominee of the depositary to the depositary or another nominee of the depositary; or

the depositary or any nominee of the depositary to a successor of the depositary or a nominee of such successor.

We will describe the specific terms of the depositary arrangement with respect to a series, or part of a series, of debt securities in the applicable prospectus supplement.

Bearer Debt Securities

If we issue bearer securities, the applicable prospectus supplement will describe all of the special terms and provisions of debt securities in bearer form, and the extent to which those special terms and provisions are different from the terms and provisions which are described in this prospectus, which generally apply to debt securities in registered form, and will summarize provisions of the applicable indenture that relate specifically to bearer debt securities.

Tax Redemption

All Debt Securities. To the extent specified in an applicable prospectus supplement, debt securities of a series will be subject to redemption at any time, as a whole but not in part, at a redemption price equal to 100% of the principal amount of the debt securities together with accrued and unpaid interest to the date fixed for redemption, upon publication of a notice as described below, if we determine that:

we have or will become obligated to pay additional amounts with respect to any debt security of that series as described below under
Payment of Additional Amounts because of

any change in or amendment to the laws, or regulations or rulings under such laws, of the United States or any political subdivision or taxing authority affecting taxation, or

any change in official position regarding application or interpretation of such laws, regulations or rulings

which change or amendment is announced or becomes effective on or after a date specified in the applicable prospectus supplement; or

on or after a date specified in the applicable prospectus supplement

any action has been taken by any taxing authority of, or any decision has been rendered in a court of competent jurisdiction in, the United States or any political subdivision or taxing authority, including any of those actions specified in the preceding bullet points, regardless of whether such action was taken or decision was rendered with respect to us, or

any change, amendment, application or interpretation shall be officially proposed

Table of Contents

which, in the written opinion of our independent legal counsel of recognized standing, will result in a material probability that we will become obligated to pay additional amounts with respect to any debt security of that series as described below under **Payment of Additional Amounts**; and

in our business judgment that we cannot avoid the obligation to pay additional amounts with respect to any debt security of that series by the use of reasonable measures available to us.

Certificates and Notice. If we elect to redeem affected securities of a series pursuant to the provisions of this **Tax Redemption**, we will deliver to the trustee a certificate, signed by an authorized officer, stating that we are entitled to redeem the affected securities of such series pursuant to their terms. (*Section 1102*).

We will give notice of our intention to redeem affected securities, and all other notices in accordance with the provisions of this **Tax Redemption**, in accordance with **Notices** below. In the case of a redemption, we will give notice once not more than 60 days, but not less than 30 days, before the date fixed for redemption and will specify the date fixed for redemption. (*Section 1104*).

Payment of Additional Amounts

If and to the extent specified in an applicable prospectus supplement, we will, subject to the exceptions and limitations set forth below, pay to the holder of any debt security or coupon who is a United States Alien such additional amounts as may be necessary in order that every net payment on the debt security or coupon, after withholding for or on account of any present or future tax, assessment or other governmental charge imposed upon or as a result of that payment by the United States (or any political subdivision or taxing authority), will not be less than the amount provided for in the debt security or coupon to be then due and payable.

We will not, however, make any payment of additional amounts for or on account of:

any tax, assessment or other governmental charge that would not have been imposed but for

the existence of any present or former connection between the holder (or between a fiduciary, settlor or beneficiary of, or a person holding a power over, the holder, if the holder is an estate or trust; or a member or shareholder of the holder, if the holder is a partnership or corporation) and the United States. Such connection may include, without limitation, the holder (or such fiduciary, settlor, beneficiary, person holding a power, member or shareholder) (i) being or having been a citizen, resident or treated as a resident of the United States, (ii) being or having been engaged in a trade or business or present in the United States, or (iii) having or having had a permanent establishment in the United States, or

the holder's present or former status as a personal holding company, foreign personal holding company, controlled foreign corporation or passive foreign investment company with respect to the United States or as a corporation that accumulates earnings to avoid United States federal income tax;

any tax, assessment or other governmental charge which would not have been imposed but for the presentation by the holder of the debt security or coupon for payment on a date more than 10 days after (i) the date on which such payment became due and payable, or (ii) the date on which payment is duly provided for, whichever occurs later;

any estate, inheritance, gift, sales, transfer, personal property tax or any similar tax, assessment or other governmental charge;

any tax, assessment or other governmental charge that is payable other than by withholding from a payment on a debt security or coupon;

any tax, assessment or other governmental charge imposed on a holder of a debt security or coupon that (i) actually or constructively owns 10% or more of the total combined voting power

of all classes of our stock entitled to vote within the meaning of Section 871(h)(3) of the Internal Revenue Code, or (ii) is a controlled foreign corporation related to us through stock ownership;

any tax, assessment or other governmental charge imposed as a result of the failure to comply with applicable certification, information, documentation or other reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of a debt security or coupon, if such compliance is required by statute, or by regulation of the United States, as a precondition to relief or exemption from such tax, assessment or other governmental charge;

any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment on a debt security or coupon if the payment can be made without such withholding by at least one other paying agent;

any tax, assessment or other governmental charge imposed with respect to payments on any registered security by reason of the failure of the holder to fulfill the statement requirement of Sections 871(h) or 881(c) of the Internal Revenue Code; or

any combination of items listed above.

In addition, we will not pay additional amounts with respect to any payment on a debt security or coupon to a holder who is (i) a fiduciary, (ii) a partnership, or (iii) other than the sole beneficial owner of such payment, to the extent such payment would be required by the laws of the United States (or any political subdivisions or taxing authority) to be included in the income, for federal income tax purposes, of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner who would not have been entitled to payment of the additional amounts had such beneficiary, settlor, member or beneficial owner been the holder of the debt security or coupon. (*Section 1004*).

The term **United States Alien** means any person who, for United States federal income tax purposes, is a foreign corporation, a non-resident alien individual, a non-resident alien fiduciary of a foreign estate or trust, or a foreign partnership one or more of the members of which is a foreign corporation, a non-resident alien individual or a non-resident alien fiduciary of a foreign estate or trust. (*Section 101*).

Covenants Contained in the Indenture

The indenture contains certain restrictive covenants that apply to us and our Restricted Subsidiaries.

A **Restricted Subsidiary** is any Subsidiary of ours, but does not include a Subsidiary (i) that does not transact any substantial portion of its business in the United States and does not regularly maintain any substantial portion of its fixed assets in the United States, or (ii) that is engaged primarily in financing our operations or the operations of our Subsidiaries outside the United States. (*Section 101*).

A **Subsidiary** is a corporation in which we, or one or more of our other Subsidiaries, directly or indirectly, own more than 50% of the outstanding voting stock. (*Section 101*).

Principal Domestic Manufacturing Property means any building, structure or other facility, together with the land on which it is erected and fixtures that are part of such building, located in the United States that is used by us or our Subsidiaries primarily for manufacturing, processing or warehousing,

the gross book value of which exceeds 1% of our Consolidated Net Tangible Assets, other than such building

that is financed by obligations issued by a state, territory or possession of the United States, or any of their political subdivisions, the interest on which is excludable from gross income of the holders pursuant to Section 103(a)(1) of the Internal Revenue Code, or

Table of Contents

that is not of material importance to the total business conducted by us and our Subsidiaries, taken as a whole. *(Section 101)*.

Consolidated Net Tangible Assets means the total amount of our assets, minus applicable reserves and other properly deductible items, minus

all current liabilities, excluding Funded Debt included by reason of being renewable or extendible, and

all goodwill, trade names, patents, unamortized debt discount and expense, and other similar intangibles to the extent not deducted as reserves and deductible items set forth above,

all as set forth on our most recent consolidated balance sheet. *(Section 101)*.

Funded Debt means indebtedness for money borrowed having a maturity at, or being renewable or extendible by the borrower to a date, more than 12 months from the date of determination in the amount set forth on our most recent consolidated balance sheet. Funded Debt does not include (i) any amount in respect of obligations under leases, or guarantees thereof, whether or not such obligations or guarantees would be included as liabilities on a consolidated balance sheet, or (ii) any principal amount of indebtedness required to be redeemed within 12 months from the date of determination pursuant to any sinking fund provisions or otherwise. *(Section 101)*.

Restrictions on Secured Debt

The indenture provides that neither we nor our Restricted Subsidiaries may incur or otherwise create any new Secured Debt. The restriction on creating new Secured Debt, however, does not apply if the debt securities are secured equally and ratably with the new Secured Debt. *(Section 1009)*.

Secured Debt means Debt that is secured by a Mortgage on

any Principal Domestic Manufacturing Property owned by us or any Restricted Subsidiary; or

any shares of stock or Debt of any Restricted Subsidiary.

Debt means any indebtedness for money borrowed represented by notes, bonds, debentures or other similar evidence of indebtedness. *(Section 1009)*.

Mortgage means any mortgage, pledge, lien, security interest, conditional sale or other title retention agreement or similar encumbrance. *(Section 101)*.

The restriction on incurring or otherwise creating any new Secured Debt does not apply to the following Permitted Liens :

Mortgages on property of, or on any shares of stock or Debt of, any corporation existing at the time such corporation becomes a Restricted Subsidiary;

Mortgages in favor of us or a Restricted Subsidiary;

Mortgages in favor of United States governmental bodies to secure progress or advance payments;

Mortgages on property, shares of stock or Debt existing at or incurred within 120 days after the acquisition of such property, shares or Debt, including acquisition through merger or consolidation;

purchase money Mortgages and construction Mortgages; and

certain extensions, renewals or replacements of Debt secured by any Mortgage referred to in the previous bullet points. *(Section 1009)*.

In addition, we or any Restricted Subsidiary may incur or otherwise create Secured Debt without equally and ratably securing the debt securities if, when such Secured Debt is incurred or created, the total amount of all outstanding Secured Debt, excluding Permitted Liens, plus Attributable Debt, as

Table of Contents

defined below, relating to sale and leaseback transactions does not exceed 5% of our Consolidated Net Tangible Assets. (*Section 1009*).

The indenture does not restrict us or our Subsidiaries from incurring unsecured Debt.

Restrictions on Sale and Leaseback Transactions

The indenture provides that neither we nor any of our Restricted Subsidiaries may enter into any sale and leaseback transaction involving any Principal Domestic Manufacturing Property which has been or is to be sold or transferred more than 120 days after its acquisition or the completion of construction and commencement of full operation, unless either:

(1) we or the Restricted Subsidiary would be entitled to incur Debt secured by a Mortgage, pursuant to the provisions discussed above under the heading Restrictions on Secured Debt, on the Principal Domestic Manufacturing Property to be leased back in an amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the debt securities; or

(2) within 120 days after the sale or transfer, we apply to the retirement of our Funded Debt an amount equal to the greater of

the net proceeds of the sale of the Principal Domestic Manufacturing Property leased pursuant to the arrangement, or

the fair market value of the Principal Domestic Manufacturing Property so leased.

The restriction on sale and leaseback transactions does not apply to a sale and leaseback transaction (i) between us and a Restricted Subsidiary or between Restricted Subsidiaries, or (ii) that involves the taking back of a lease for a period of less than three years. (*Section 1010*).

The term Attributable Debt means the net amount of rent, discounted to the date of determination at a rate per annum of 15%, compounded semi-annually, required to be paid during the remaining term of any lease. (*Section 101*).

Restrictions on Mergers and Sales of Assets

The indenture generally permits a consolidation or merger between us and another entity. It also permits the sale or transfer by us of all or substantially all of our property and assets. These transactions are permitted if:

the resulting or acquiring entity, if other than us, is organized and existing under the laws of a United States jurisdiction and assumes all of our responsibilities and liabilities under the indenture, including the payment of all amounts due on the debt securities and performance of the covenants in the indenture;

immediately after the transaction, and giving effect to the transaction, no event of default under the indenture exists;

as a result of such transaction, our properties or assets or Restricted Subsidiaries' properties or assets would become subject to a Mortgage not permitted pursuant to the provisions discussed above under the heading Restrictions on Secured Debt without equally and ratably securing the debt securities, steps shall have been taken to secure the debt securities equally and ratably with all indebtedness secured by such Mortgage; and

we have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that the transaction and, if a supplemental indenture is required in connection with the transaction, the supplemental indenture comply with the indenture and that all conditions precedent to the transaction contained in the indenture have been satisfied. (*Section 801*).

Table of Contents

If we consolidate or merge with or into any other entity or sell or lease all or substantially all of our assets according to the terms and conditions of the indenture, the resulting or acquiring entity will be substituted for us in the indenture with the same effect as if it had been an original party to the indenture. As a result, such successor entity may exercise our rights and powers under the indenture, in our name and, except in the case of a lease, we will be released from all our liabilities and obligations under the indenture and under the debt securities and coupons. *(Section 802)*.

Notwithstanding the foregoing provisions, we may transfer all of our property and assets to another corporation if, immediately after giving effect to the transfer, such corporation is our Wholly-Owned Restricted Subsidiary (as defined below) and we would be permitted to become liable for an additional amount of Secured Debt. *(Section 803)*.

The term "Wholly-Owned Restricted Subsidiary" means any Restricted Subsidiary in which we and our other Wholly-Owned Restricted Subsidiaries own all of the outstanding Funded Debt and capital stock (other than directors' qualifying shares). *(Section 101)*.

Modification and Waiver

Under the indenture, certain of our rights and obligations and certain of the rights of the holders of the debt securities may be modified or amended with the consent of the holders of not less than 66 2/3% of the total principal amount of the outstanding debt securities of each series of debt securities affected by the modification or amendment. However, the following modifications and amendments will not be effective against any holder without its consent:

a change in the stated maturity date of any payment of principal or interest;

a reduction in the principal amount of, or premium or interest on, any debt security;

a reduction in the amount of principal of an original issue discount debt security due and payable upon acceleration of the maturity of such debt security;

a change in place of payment where, or the currency in which, any payment on the debt securities is payable;

an impairment of a holder's right to sue us for the enforcement of payments due on the debt securities; or

a reduction in the percentage of outstanding debt securities of any series required to consent to a modification or amendment of the indenture or required to consent to a waiver of compliance with certain provisions of the indenture or certain defaults under the indenture. *(Section 902)*.

Under the indenture, the holders of at least a majority of the total principal amount of the outstanding debt securities of any series of debt securities may, on behalf of all holders of such series of debt securities:

waive compliance by us with certain restrictive provisions of the indenture; and

waive any past default under the indenture, except:

a default in the payment of the principal of, or any premium or interest on, any debt securities of that series; or

a default under any provision of the indenture which itself cannot be modified or amended without the consent of the holders of each outstanding debt security of that series. *(Sections 513 and 1012)*.

Table of Contents

Events of Default

Event of Default, when used in the indenture with respect to any series of debt securities, means any of the following:

failure to pay interest on any debt security of that series for 30 days after the payment is due;

failure to pay the principal of, or any premium on, any debt security of that series when due;

failure to deposit any sinking fund payment on debt securities of that series when due;

failure to perform any other covenant in the indenture that applies to debt securities of that series for 60 days after we have received written notice of the failure to perform in the manner specified in the indenture;

default under any debt, or under any Mortgage, indenture or instrument under which such debt is issued or secured, under which we or any consolidated Subsidiary, including a default with respect to debt securities of any other series, and the maturity of such indebtedness has been accelerated, unless the acceleration is rescinded, or such debt is paid or waived in the case of default upon debt with a principal amount of less than \$1,000,000, within 10 days after we have received written notice of the default in the manner specified in the indenture;

certain events in bankruptcy, insolvency or reorganization; or

any other Event of Default that may be specified for the debt securities of that series when that series is created. (*Section 501*).

If an Event of Default for any series of debt securities occurs and continues, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of the series may declare the entire principal of all the debt securities of that series to be due and payable immediately. If such a declaration occurs, the holders of a majority of the aggregate principal amount of the outstanding debt securities of that series can, subject to conditions, rescind the declaration. (*Sections 501, 502 and 513*).

The prospectus supplement relating to a series of debt securities which are original issue discount securities will describe the particular provisions that relate to the acceleration of maturity of a portion of the principal amount of the series when an Event of Default occurs and continues.

The indenture requires us to file an officers' certificate with the trustee each year that states, to the knowledge of the certifying officer, no defaults exist under the terms of the indenture. (*Section 1011*). The trustee may withhold notice to the holders of debt securities of any default, except defaults in the payment of principal, premium, interest or any sinking fund installment, if it considers the withholding of notice to be in the best interests of the holders. For purposes of this paragraph, default means any event which is, or after notice or lapse of time or both would become, an Event of Default under the indenture with respect to the debt securities of the applicable series. (*Section 602*).

Other than its duties in the case of a Event of Default, a trustee is not obligated to exercise any of its rights or powers under the indenture at the request, order or direction of any holders of debt securities, unless the holders offer the trustee reasonable indemnification. (*Sections 601, 603*). If reasonable indemnification is provided, then, subject to other rights of the trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, with respect to the debt securities of that series, direct the time, method and place of:

conducting any proceeding for any remedy available to the trustee; or

exercising any trust or power conferred upon the trustee. (*Sections 512, 603*).

Table of Contents

The holder of a debt security of any series will have the right to begin any proceeding with respect to the indenture or for any remedy only if:

the holder has previously given the trustee written notice of a continuing Event of Default with respect to that series;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made a written request of, and offered reasonable indemnification to, the trustee to begin such proceeding;

the trustee has not started such proceeding within 60 days after receiving the request; and

the trustee has not received directions inconsistent with such request from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series during those 60 days. (*Section 507*).

However, the holder of any debt security will have an absolute right to receive payment of principal of, and any premium and interest on, the debt security when due and to institute suit to enforce this payment. (*Section 508*).

Defeasance

Defeasance and Discharge. At the time that we establish a series of debt securities under the indenture, we can provide that the debt securities of that series are subject to the defeasance and discharge provisions of the indenture. If we so provide, we will be discharged from our obligations on the debt securities of that series if:

we deposit with the trustee, in trust, sufficient money or U.S. Government Obligations, or a combination, to pay the principal, any interest, any premium and any other sums due on the debt securities of that series, such as sinking fund payments, on the dates the payments are due under the applicable indenture and the terms of the debt securities;

we deliver to the trustee an opinion of counsel that states that the holders of the debt securities of that series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit and will be subject to federal income tax on the same amounts and in the same manner and at the same times as would have been the case if no deposit had been made; and

we deliver to the trustee an opinion of counsel that states that if the debt securities of that series are listed on any domestic or foreign securities exchange, the debt securities will not be delisted as a result of the deposit. (*Section 403*).

The term U.S. Government Obligations means direct obligations of the United States of America backed by the full faith and credit of the United States. (*Section 101*).

In the event that we deposit money and/or U.S. Government Obligations in trust and discharge our obligations under a series of debt securities as described above, then:

the indenture will no longer apply to the debt securities of that series; however, certain obligations to compensate, reimburse and indemnify the trustee, to register the transfer and exchange of debt securities, to replace lost, stolen or mutilated debt securities and to maintain paying agencies and the trust funds will continue to apply; and

holders of debt securities of that series can only look to the trust fund for payment of principal of, or any premium or interest on, the debt securities of that series. (*Section 403*).

Defeasance of Certain Covenants and Certain Events of Default. At the time that we establish a series of debt securities under the indenture, we can provide that the debt securities of that series are subject to the covenant defeasance provisions of the indenture. If we so provide and we make the deposit

Table of Contents

and deliver the opinion of counsel described above in this section under the heading **Defeasance and Discharge** :

we will not have to comply with the following restrictive covenants contained in the indenture:

Consolidation, Merger, Conveyance, Transfer or Lease (*Sections 801, 803*);

Corporate Existence (*Section 1005*);

Purchase of Securities by Company or Subsidiary (*Section 1006*);

Maintenance of Properties (*Section 1007*);

Payment of Taxes and Other Claims (*Section 1008*);

Restriction on Secured Debt (*Section 1009*); and

Restrictions on Sale and Leaseback Transactions (*Section 1010*); and

we will not have to treat the events described in the fourth bullet point under **Events of Default** as they relate to the covenants listed above that have been defeased and are no longer in effect, or the events described in the fifth, sixth and seventh bullet points under **Events of Default**, as Events of Default under the indenture with respect to such series.

In the event of a defeasance, our obligations under the indenture and the debt securities, other than with respect to the covenants and the Events of Default specifically referred to above, will remain in effect. (*Section 1013*).

If we exercise our option not to comply with the covenants listed above and the debt securities of the series become immediately due and payable because an Event of Default has occurred, other than as a result of an Event of Default specifically referred to above, the amount of money and/or U.S. Government Obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series on the date the payments are due under the indenture and the terms of the debt securities, but may not be sufficient to pay amounts due at the time of acceleration. However, we would remain liable for the balance of the payments. (*Section 1013*).

Substitution of Collateral. At the time that we establish a series of debt securities under the indenture, we can provide for our ability to, at any time, withdraw any money or U.S. Government Obligations deposited pursuant to the defeasance provisions described above if we simultaneously substitute other money and/or U.S. Government Obligations which would satisfy our payment obligations on the debt securities pursuant to the defeasance provisions applicable to those debt securities.

Notices

Unless we state otherwise in the applicable prospectus supplement, we will give notices to holders of bearer securities by publication in a daily newspaper in the English language of general circulation in New York City and London. As long as the bearer securities are listed on the Luxembourg Stock Exchange and such exchange requires publication of notice in a daily newspaper of general circulation in Luxembourg City, we will give notices to holders of bearer securities in such paper or, if not practical, elsewhere in Western Europe. We expect to publish notices in *The Wall Street Journal*, the *Financial Times* and the *Luxemburger Wort*. We will give notices by mail to holders of registered securities at the addresses listed in the security register. (*Sections 101 and 106*).

Title

Title to any temporary global debt security, any permanent global debt security, any bearer securities and any coupons issued with any bearer securities will pass by delivery. We and the trustee, and any of ours or the trustee's agents, may treat the bearer of any bearer security, the bearer of any coupon and the registered owner of any registered security as the absolute owner of the security or coupon, whether or

Table of Contents

not the debt security or coupon shall be overdue and notwithstanding any notice to the contrary, for the purpose of making payment and for all other purposes. (*Section 308*).

Replacement of Securities and Coupons

We will replace any mutilated security, or a mutilated coupon issued with a security, at the holder's expense upon surrender of the security to the trustee. We will replace securities or coupons that become destroyed, stolen or lost at the holder's expense upon delivery to the trustee of the security and coupons or evidence of the destruction, loss or theft satisfactory to us and the trustee. If any coupon becomes destroyed, stolen or lost, we will replace it by issuing a new security in exchange for the security with which the coupon was issued. In the case of a destroyed, lost or stolen security or coupon, an indemnity satisfactory to the trustee and us may be required at the holder's expense before we will issue a replacement security. (*Section 306*).

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

Information Concerning the Trustee

JPMorgan Chase Bank is the trustee under the Indenture. From time to time, we maintain deposit accounts and conduct other banking transactions with the trustee in the ordinary course of business. JPMorgan Chase Bank also serves as trustee for certain of our other senior unsecured debt obligations.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of our debt securities issued under the indenture. We may issue warrants alone or together with any debt securities offered by any prospectus supplement, and warrants may be attached to or separate from the debt securities. As stated in the prospectus supplement relating to the particular issue of warrants, we will issue the warrants under one or more warrant agreements that we will enter into with a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrant certificates. The warrant agent will not assume any obligation or relationship of agency or trust for or with any holder of warrant certificates or beneficial owners of warrants. We have summarized certain terms and provisions of the form of warrant agreement in this section. We have also filed the form of warrant agreement as an exhibit to the registration statement. You should read the warrant agreement for additional information before you buy any warrants.

General

If we offer warrants, the applicable prospectus supplement will identify the warrant agent and describe the terms of the warrants, including the following:

the offering price;

the currency for which warrants may be purchased;

the designation, aggregate principal amount, currency of denomination and payment, and terms of the debt securities purchasable upon exercise of the warrants;

if applicable, the designation and terms of the debt securities issued with the warrants and the number of warrants issued with each debt security;

if applicable, the date on and after which the warrants and the related debt securities will be separately transferable;

Table of Contents

the principal amount of debt securities purchasable upon exercise of one warrant, and the price at and the currency in which the principal amount of debt securities may be purchased upon such exercise;

the date on which the right to exercise the warrants shall commence and the date on which the right to exercise shall expire;

United States federal income tax considerations;

whether the warrants will be issued in registered or bearer form; and

any other terms of the warrants.

You may, at the corporate trust offices of the warrant agent or any other office indicated in the applicable prospectus supplement:

exchange warrant certificates for new warrant certificates of different denominations;

if the warrant certificates are in registered form, present them for registration of transfer; and

exercise warrant certificates.

Before exercising warrants, holders of warrants will not have any of the rights of holders of the debt securities purchasable upon exercise, including the right to receive payments on the debt securities purchasable upon exercise or to enforce covenants in the indenture.

Exercise of Warrants

Each warrant will entitle the holder to purchase the principal amount of debt securities at the exercise price set forth in the applicable prospectus supplement. You may exercise warrants at any time up to 5:00 p.m., New York City time, on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date (or such later date to which we may extend the expiration date), unexercised warrants will become void.

You may exercise warrants by delivering payment to the warrant agent as provided in the applicable prospectus supplement of the amount required to purchase the debt securities, together with certain information set forth on the reverse side of the warrant certificate. Warrants will be deemed to have been exercised upon receipt of the exercise price, subject to the receipt within five business days of the warrant certificate evidencing such warrants. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent, or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, issue and deliver the debt securities purchased. If fewer than all of the warrants represented by the warrant certificate are exercised, we will issue a new warrant certificate for the remaining amount of warrants.

PLAN OF DISTRIBUTION

General

We may sell securities offered under this prospectus to or through underwriters, agents or broker-dealers or directly to purchasers. As set forth in the applicable prospectus supplement, we may offer debt securities alone or with warrants (which may or may not be detachable from debt securities), and we may offer the warrants alone. If we issue any warrants, debt securities will be issuable upon exercise of the warrants. We also may offer the securities in exchange for our outstanding indebtedness.

Underwriters, dealers and agents that participate in the distribution of the securities offered under this prospectus may be underwriters as defined in the Securities Act of 1933, and any discounts or commissions received by them from us and any profit on the resale of the offered securities by them may be treated as underwriting discounts and commissions under the Securities Act. Any underwriters or agents will be identified and their compensation, including underwriting discounts and commissions, will

Table of Contents

be described in the applicable prospectus supplement. The prospectus supplement will also describe other terms of the offering, including the initial public offering price, any discounts or concessions allowed or reallocated or paid to dealers, and any securities exchanges on which the offered securities may be listed.

The distribution of the securities offered under this prospectus may occur from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices or at negotiated prices.

We may determine the price or other terms of the securities offered under this prospectus by use of an electronic auction. We will describe in the applicable prospectus supplement how any auction will be conducted to determine the price or any other terms of the securities, how potential investors may participate in the auction and, where applicable, the nature of the underwriters' obligations with respect to the auction.

If the securities offered under this prospectus are issued in exchange for our outstanding securities, the applicable prospectus supplement will set forth the terms of the exchange, the identity of and the terms of sale of the securities offered under this prospectus by the selling security holders.

If the applicable prospectus supplement indicates, we will authorize dealers or our agents to solicit offers by institutions to purchase offered securities from us under contracts that provide for payment and delivery on a future date. We must approve all institutions, but they may include, among others:

commercial and savings banks;

insurance companies;

pension funds;

investment companies; and

educational and charitable institutions.

The institutional purchaser's obligations under the contract are only subject to the condition that the purchase of the offered securities at the time of delivery is allowed by the laws that govern the purchaser. The dealers and our agents will not be responsible for the validity or performance of the contracts.

We may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which the underwriters, dealers or agents may be required to make as a result of those certain civil liabilities.

When we issue the securities offered by this prospectus, they may be new securities without an established trading market. If we sell a security offered by this prospectus to an underwriter for public offering and sale, the underwriter may make a market for that security, but the underwriter will not be obligated to do so and could discontinue any market making without notice at any time. Therefore, we cannot give any assurances to you concerning the liquidity of any security offered by this prospectus.

Each underwriter, dealer and agent participating in the distribution of any debt securities that are issuable as bearer securities will agree that it will not offer, sell or deliver, directly or indirectly, bearer securities in the United States or to United States persons (other than a Qualifying Foreign Branch of a United States Financial Institution) in connection with the original issuance of any debt securities.

Underwriters and agents and their affiliates may be customers of, engage in transactions with, or perform services for us or our subsidiaries in the ordinary course of their businesses.

Item 15. Indemnification of Directors and Officers

Under Delaware law, a corporation may indemnify any person who was or is a party or is threatened to be made a party to an action (other than an action by or in the right of the corporation) by reason of his service as a director, officer, employee or agent of the corporation, or his service, at the corporation's request, as a director, officer, employee or agent of another corporation or other enterprise, against expenses (including attorneys' fees) that are actually and reasonably incurred by him (Expenses), and judgments, fines and amounts paid in settlement that are actually and reasonably incurred by him, in connection with the defense or settlement of such action, provided that he acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation's best interests, and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his conduct was unlawful. Although Delaware law permits a corporation to indemnify any person referred to above against Expenses in connection with the defense or settlement of an action by or in the right of the corporation, provided that he acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation's best interests, if such person has been judged liable to the corporation, indemnification is only permitted to the extent that the Court of Chancery (or the court in which the action was brought) determines that, despite the adjudication of liability, such person is entitled to indemnity for such Expenses as the court deems proper. The General Corporation Law of the State of Delaware also provides for mandatory indemnification of any director, officer, employee or agent against Expenses to the extent such person has been successful in any proceeding covered by the statute. In addition, the General Corporation Law of the State of Delaware permits (i) Delaware corporations to include a provision in their certificates of incorporation limiting or eliminating the personal liability of a director to a corporation or its stockholders, under certain circumstances, for monetary damages or breach of fiduciary duty as a director and (ii) the general authorization of advancement of a director's or officer's litigation expenses, including by means of a mandatory charter or by-law provision to that effect, in lieu of requiring the authorization of such advancement by the board of directors in specific cases. In addition, the General Corporation Law of the State of Delaware provides that indemnification and advancement of expenses provided by the statute shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement or otherwise.

Article Fourteenth of the Certificate of Incorporation of the registrant and Article X of the Bylaws of the registrant each provide for the indemnification of the directors and officers of the registrant and limit the personal monetary liability of directors of the registrant to the fullest extent permitted by current Delaware law. The registrant has also entered into indemnification contracts with certain of its directors and officers. The registrant also maintains insurance coverage relating to certain liabilities of its directors and officers.

Item 17. Undertakings

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective Registration Statement;

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement; provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the Registration Statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the

securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(b) The undersigned Registrant hereby undertakes that, for the purpose of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing bylaw provision, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(d) The undersigned Registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Securities and Exchange Commission under Section 305(b)(2) of the Act.
