ELECTION OF DIRECTORS

A majority of the votes entitled to be cast by outstanding shares of Common Stock and Class B Common Stock (considered together as a single voting group), represented in person or by proxy, will constitute a quorum at the annual meeting.

Directors are elected by a plurality of the votes cast by the holders of the Company's Common Stock and Class B Common Stock (voting together as a single voting group) at a meeting at which a quorum is present. "Plurality" means that the individuals who receive the largest number of votes cast are elected as directors up to the maximum number of directors to be chosen at the meeting. Consequently, any shares not voted (whether by abstention, broker nonvote or otherwise) have no impact in the election of directors except to the extent the failure to vote for an individual results in another individual receiving a larger number of votes. Votes "against" a candidate are not given legal effect and are not counted as votes cast in an election of directors. Votes will be tabulated by an inspector at the meeting.

The persons who are nominated as directors and for whom the proxies will be voted and all continuing Directors are listed below. If any of the nominees should decline or be unable to act as a Director, which eventuality is not foreseen, the proxies will be voted with discretionary authority for a substitute nominee designated by the Board of Directors.

There are no family relationships between any of the Company's directors and executive officers, except that Thomas W. Florsheim, Jr. and John W. Florsheim are brothers and their father is Thomas W. Florsheim.

PENSION PLANS

The Company maintains a defined benefit pension plan for various employees of the Company, including salaried employees. The Company also maintains an unfunded excess benefits plan so that participants in the defined benefit pension plan may receive pension benefits which they would otherwise be prevented from receiving as a result of certain limitations of the Internal Revenue Code.

The following table shows estimated annual benefits payable at normal retirement under the general plan formula to persons whose normal retirement age is 65 in specified earnings and years-of-service classifications. Amounts in excess of \$118,800 or based on income in excess of \$200,000 are payable pursuant to the excess benefits plan.

Edgar Filing: WEYCO GROUP INC - Form DEF 14A

The plans provide for normal retirement at age 65 and provide for reduced benefits for early retirement beginning at age 55. Pension benefits are payable as a straight life annuity and are calculated under a formula which is integrated with Social Security, although the amounts determined under the formula are not reduced by Social Security benefits or other offsets. The normal retirement benefit is based on (i) the highest average earnings for any 5 consecutive years during the 10 calendar years ending with the year of retirement, (ii) length of service up to 25 years and (iii) the highest average covered compensation for Social Security purposes. Earnings covered by the plan are generally defined as wages for purposes of federal income tax withholding and therefore include the value realized upon the exercise of non-qualified stock options and other minor items in addition to those included in the above Summary Compensation Table as "Salary". Years of credited service under the plans for the individuals described in the above Summary Compensation Table are as follows: James Gorman -- 25; Peter Grossman -- 25; Thomas Florsheim, Jr. -- 21; John W. Florsheim -- 9; John Wittkowske -- 9.

The foregoing describes the general formula under the defined benefit plan and related excess benefits plan as revised in 1991. Those salaried employees who were covered in the plans on January 1, 1989 are provided with the higher of the benefits described above or a minimum benefit based on a prior formula through the defined benefit plan, the unfunded excess benefits plan described above and an unfunded deferred compensation plan. The normal retirement benefit under the prior formula is based on the highest average earnings for any 5 consecutive years during the 10 calendar years preceding retirement and length of service up to 25 years. Minimum benefit amounts are not subject to any deduction for Social Security benefits. Earnings covered by this formula are the same as those shown in the above Summary Compensation Table as "Salary."

8

The following table shows estimated annual benefits payable under the prior formula upon normal retirement to persons in specified earnings and years-of-service classifications. Amounts in excess of \$118,800 or based on income in excess of \$200,000 are payable pursuant to the excess benefits plan and the deferred compensation plan.

Florsheim, respectively, as severance pay, in the event the Company terminates his employment without cause or he terminates his employment following a change in control of more than 15% of the shares of the Company, the replacement of two or more directors by persons not nominated by the Board of Directors, any enlargement of the size of the Board of Directors if the change was not supported by the existing Board of Directors, a merger, consolidation or transfer of assets of the Company, or a substantial change in his responsibilities. In the event Thomas W. Florsheim, Jr. or John W. Florsheim is prevented from performing his duties by reason of permanent disability, his normal salary will be discontinued and a disability salary of \$225,000 per annum for Thomas W. Florsheim, Jr. and \$161,250 per annum for John Florsheim will be paid until December 31, 2003. Also, in the event Thomas W. Florsheim, Jr. or John W. Florsheim dies prior to the termination of his employment under the contract, a death benefit equal to his salary at the annual rate being paid to him at the date of death will be paid to a designated beneficiary for a three-year period. As of January 1, 2003, Thomas W. Florsheim's, Jr. annual salary is \$437,000 and John W. Florsheim's annual salary is \$345,000.

The Company entered into deferred compensation agreements with both Thomas W. Florsheim and Robert Feitler under which each of them, or their designated beneficiaries in the event of their death, would be entitled to a deferred compensation benefit of \$180,000 per year for twenty years upon reaching age 65 while employed by the Company, payable commencing upon retirement from employment by the Company or at death.

On December 1, 1995, the Board of Directors, with Mr. Florsheim and Mr. Feitler abstaining, approved the amendment of the deferred compensation agreements between the Company and Mr. Florsheim and Mr. Feitler. The amended agreements accelerate the payments which would have been made under the previous agreements, under certain circumstances.

On December 5, 2001, the Company made a loan in the amount of \$250,000 to John F. Wittkowske, an officer of the Company. The entire amount of the loan was paid off in 2002.

The Company has entered into change of control agreements with four executives, John Wittkowske, Peter Grossman, James Gorman, and David Couper. These contracts provide that a lump sum equal to slightly less than three times his base amount of compensation (as defined in Section 280G of the Internal Revenue Code), calculated with respect to the 3 taxable year period ending before the date the change of control occurs, will be paid as severance pay in the event of a change

of control. The change of control agreements define a change of control as an event in which:

- (1) more than 25% of the voting power of the outstanding stock of the Company is directly or indirectly controlled by a person or group of persons other than the members of the family of Thomas W. Florsheim and their descendents or trusts;
- (2) the Company consolidates or merges with another corporation or entity which is not a wholly owned subsidiary of the Company unless such consolidation or merger is approved by the Board of Directors when the majority of the Directors are persons who have been nominated by the Board of Directors or the Florsheims;
- (3) all or substantially all of the operating assets of the Company have been sold;
- (4) the majority of the existing members of the Board of Directors have been replaced by persons not nominated by the Board of Directors or the Florsheims; or
- (5) Section 2 of Article III of the Company's Bylaws is amended to enlarge the number of directors of the Company if the change was not supported by the existing Board of Directors or the Florsheims.

As of January 1, 2003, Mr. Wittkowske's annual salary is \$252,000, Mr. Grossman's annual salary is \$264,500, Mr. Gorman's annual salary is \$255,750 and Mr. Couper's annual salary is \$129,500.

REPORT OF THE CORPORATE GOVERNANCE AND COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Corporate Governance and Compensation Committee is composed of four non-employee directors who are responsible for establishing the total compensation of the CEO and other executive officers of the Company.

Salaries of the CEO and other executive officers are reviewed annually and adjusted according to individual performance and ability to fulfill the position's assigned duties and responsibilities, its accountability and its impact on the operations and profitability of the Company.

On December 6, 2002, the Governance and Compensation Committee ("the Committee") met to establish executive officers' salaries for 2003 (effective January 1, 2003). The CEO's salary was set at \$437,000 and the COO's salary was set at \$345,000. They both also received stock options granted in 2002, as the committee recognizes stock ownership provides performance incentives that encourage long-term growth in value for public shareholders.

Stock options were also granted in 2002 to all other executive officers of the Company to link total executive compensation to stock price performance.

This report is submitted by the members of the Governance and Compensation Committee.
