Item 1.01 Entry into a Material Definitive Agreement.

On May 11, 2009, SandRidge Energy, Inc. (the Company), entered into a Purchase Agreement, dated as of May 11, 2009 (the Purchase Agreement), among the Company, certain subsidiary guarantors named therein (the Guarantors) and Barclays Capital Inc., Banc of America Securities LLC, J.P. Morgan Securities Inc., RBC Capital Markets Corporation and RBS Securities Inc., as representatives of the several initial purchasers, relating to the sale and issuance of \$365,500,000 in aggregate principal amount of the Company's 9.875% senior unsecured notes due 2016 (the Notes). The Notes were sold at 95.773% of par to yield 10.75% to maturity, resulting in gross proceeds to the Company of \$350,050,315.

On May 14, 2009, the Company entered into (i) an Indenture, dated as of May 14, 2009 (the Indenture), among the Company, the Guarantors and Wells Fargo Bank, National Association, as trustee (the Trustee) and (ii) a Registration Rights Agreement, dated May 14, 2009, among the Company, the Guarantors and Barclays Capital Inc., Banc of America Securities LLC, J.P. Morgan Securities Inc., RBC Capital Markets Corporation and RBS Securities Inc., as representatives of the several initial purchasers, each relating to the Notes.

On May 14, 2009, the Notes were issued pursuant to the Indenture in a transaction exempt from the registration requirements under the Securities Act of 1933, as amended (the Securities Act). The Notes were sold within the United States only to qualified institutional buyers in reliance on Rule 144A under the Securities Act.

The Notes will mature on May 15, 2016, and interest is payable on the Notes on each May 15 and November 15, commencing November 15, 2009.

At any time prior to May 15, 2013, the Company is entitled at its option to redeem some or all of the Notes at a redemption price of 100%, plus the Applicable Premium (as defined in the Indenture) and accrued and unpaid interest. On and after May 15, 2013, the Company may redeem some or all of the Notes at redemption prices (expressed as percentages of principal amount) equal to 104.938% for the twelve-month period beginning on May 15, 2013, 102.469% for the twelve-month period beginning May 15, 2014 and 100.00% beginning on June 1, 2015 and thereafter, plus accrued and unpaid interest.

The Indenture restricts the Company's ability and the ability of certain of its subsidiaries to: (i) borrow money; (ii) pay distributions or dividends on equity or purchase, redeem or otherwise acquire equity; (iii) make principal payments on, or purchase or redeem subordinated indebtedness prior to any scheduled principal payment or maturity; (iv) make investments; (v) use assets as collateral in other transactions; (vi) enter into sale and leaseback transactions; (vii) sell certain assets or merge with or into other companies; (viii) enter into transactions with affiliates; and (ix) engage in unrelated businesses. These covenants are subject to a number of important exceptions and qualifications.

The Indenture provides that each of the following is an Event of Default: (i) default for 30 days in the payment when due of interest on the Notes; (ii) default in payment when due at maturity, upon acceleration or redemption, of the principal on the Notes; (iii) failure by the Company to comply with certain covenants relating to merger, consolidation or sale of assets; (iv) failure by the Company to comply for 60 days after notice with any of the other agreements in the Indenture; (v) there occurs with respect to any indebtedness of the Company or any Guarantor having an outstanding principal amount of \$50.0 million or more (a) an event of default which results in such indebtedness being due and payable prior to its maturity or (b) failure to make a principal, premium or interest payment when due and such defaulted payment is not made, waived or extended within the applicable grace period, the result of which gives the holder of such indebtedness the right to accelerate such indebtedness; (vi) failure by the Company, any Guarantor or other significant subsidiary to pay final judgments aggregating in excess of \$50.0 million, which judgments are not paid, discharged or stayed for a period of 60 days; (vii) certain events of bankruptcy or insolvency described in the Indenture with respect to the Company or any of the Company's significant subsidiaries; (viii) the Company or any of its significant subsidiaries becomes unable or admits in writing its inability or fails generally to pay its debts as they become due; and (ix) any Note guaranty ceases to be in full force and effect, other than in accordance with the terms of the Indenture, or a Guarantor denies or disaffirms its obligations under its Note guaranty. In the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to the Company, all outstanding Notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of the

then outstanding Notes may declare all the notes to be due and payable

immediately. The description above is qualified in its entirety by the Indenture, which is filed as Exhibit 4.1 to this Current Report on Form 8-K.

Pursuant to the Registration Rights Agreement, unless the Notes are freely tradable pursuant to Rule 144 under the Securities Act by the 366th day following the issue of the Notes, the Company and the Guarantors will use their reasonable best efforts to file an exchange offer registration statement with the SEC with respect to an offer to exchange the Notes for substantially identical notes that are registered under the Securities Act. Under some circumstances, in lieu of a registered exchange offer, the Company and the Guarantors have agreed to file a shelf registration statement with respect to the Notes and to use their reasonable best efforts to keep the shelf registration statement effective until the earlier of the period specified in Rule 144 for the Notes to become unrestricted securities or the sale pursuant to the shelf registration statement of all of the Notes registered thereunder. The Company and the Guarantors are required to pay additional interest if they fail to comply with their obligations to register the Notes within the specified time periods. The description above is qualified in its entirety by the Registration Rights Agreement, which is filed as Exhibit 4.2 to this Current Report on Form 8-K.

The initial purchasers and certain of their affiliates have provided and may in the future provide financial advisory, investment banking and commercial banking services in the ordinary course of business to the Company, the Guarantors and certain of the Company's affiliates, for which they receive customary fees and expense reimbursement. Affiliates of certain of the initial purchasers are lenders under the Company's senior credit facility, which we partially repaid with the net proceeds from the offering of the Notes.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information included in Item 1.01 of this Current Report on Form 8-K is incorporated by reference into this Item 2.03 of this Current Report on Form 8-K.

On May 11, 2009, the Company issued two press releases announcing the commencement of the offering and pricing of the Notes. Copies of the Company's press releases are filed as Exhibits 99.1 and 99.2 to this Current Report on Form 8-K and are incorporated by reference into this Item 8.01.

The press releases shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any state in which the offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such state.
