To our Shareholders:

It is our pleasure to invite you to attend our annual meeting of shareholders, which is to be held on January 24, 2003 at the Northeast Atlanta Hilton at Peachtree Corners, 5993 Peachtree Industrial Boulevard, Norcross, Georgia 30092. The meeting will start at 9:00 a.m., local time.

On the ballot at this year's annual meeting is our proposal to elect four directors to our board of directors. A representative of Ernst & Young LLP, our independent auditors, will be at the annual meeting and will have the opportunity to make a statement, if so desired, and will be available to respond to appropriate questions. We look forward to answering your questions at the annual meeting.

As you recall, each share of Class B Common Stock was automatically converted into one share of Class A Common Stock on June 30, 2002. Without any action required on the part of holders of Class B Common Stock, each certificate that represented shares of Class B Common Stock now represents the same number of shares of Class A Common Stock into which the Class B Common Stock was converted.

Please complete, sign and return your proxy in the enclosed envelope or follow the other voting procedures described in the proxy statement as soon as possible to ensure that your shares will be represented and voted at the annual meeting. If you attend the annual meeting, you may vote your shares in person even though you have previously voted your proxy.

Very truly yours,

James A. Rubright

PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON JANUARY 24, 2003

ABOUT THE MEETING

Who is furnishing this proxy statement?

This proxy statement is being furnished to our shareholders by our board of directors in connection with the solicitation of proxies by the board of directors. The proxies will be used at our annual meeting of shareholders to be held on January 24, 2003.

What am I voting on?

You will be voting on the following:

To elect four directors, and

To transact any other business that properly comes before the annual meeting or any adjournment of the annual meeting.

You may not cumulate your votes for any matter being voted on at the annual meeting and you are not entitled to appraisal or dissenters rights.

Who can vote?

You may vote if you owned Class A Common Stock as of the close of business on December 5, 2002. As of December 5, 2002, there were 34,334,927 shares of Class A Common Stock outstanding. Sometimes in this proxy statement we refer to the Class A Common Stock as the Common Stock.

What if my certificates represent Class B Common Stock?

Each share of Class B Common Stock was automatically converted into one share of Class A Common Stock on June 30, 2002. Without any action required on the part of holders of Class B Common Stock, each certificate that represented shares of Class B Common Stock now represents the same number of shares of Class A Common Stock into which the Class B Common Stock was converted.

How do I vote?

You have four voting options. You may vote:

over the Internet at the address shown on your proxy card; if you have access to the Internet, we encourage you to vote in this manner,

by telephone through the number shown on your proxy card,

by completing, signing and returning the enclosed proxy, or

by attending the annual meeting and voting in person.

If you hold your shares in the name of a bank or broker, the availability of telephone and Internet voting depends on their voting processes. Please follow the directions on your proxy card carefully.

Can I vote at the annual meeting?

You may vote your shares at the annual meeting if you attend in person. Even if you plan to be present at the annual meeting, we encourage you to vote your shares by proxy. You may vote your proxy via the Internet, by telephone or by mail.

What if my shares are registered in more than one person's name?

If you own shares that are registered in the name of more than one person, each person should sign the enclosed proxy. If the proxy is signed by an attorney, executor, administrator, trustee, guardian or by any other person in a representative capacity, the full title of the person signing the proxy should be given and a certificate should be furnished showing evidence of appointment.

What does it mean if I receive more than one proxy?

It means you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is SunTrust Bank, Atlanta, Mail Code 258, P.O. Box 4625 Atlanta, Georgia 30302, and may be reached at 1-800-568-3476.

What if I return my proxy but do not provide voting instructions?

If you sign and return your proxy but do not include voting instructions, your proxy will be voted FOR the election of the four nominee directors named on page 4 of this proxy statement.

Can I change my mind after I vote?

You may change your vote at any time before the polls close at the annual meeting. You may do this by:

voting again by telephone or over the Internet prior to 11:59 p.m., E.T., on January 23, 2003,

giving written notice to the Secretary of our company,

delivering a later-dated proxy, or

voting in person at the annual meeting.

How many votes am I entitled to?

You are entitled to one vote for each share you own.

How many votes must be present to hold the annual meeting?

In order for us to conduct the annual meeting the holders of a majority of the votes of the Common Stock outstanding as of December 5, 2002 must be present at the annual meeting. This is referred to as a quorum. Your shares will be counted as present at the annual meeting if you:

vote via the Internet or by telephone,

return a properly executed proxy (even if you do not provide voting instructions), or

attend the annual meeting and vote in person.

How many votes are needed to elect directors?

The four nominees receiving the highest number of yes votes will be elected directors. This number is called a plurality.

How many votes are needed for other matters?

To approve any other matter that properly comes before the annual meeting, the yes votes cast in favor of the matter must exceed the no votes cast against the matter.

Will my shares be voted if I do not provide my proxy?

Your shares may be voted under certain circumstances if they are held in the name of a brokerage firm. Brokerage firms have the authority under the New York Stock Exchange rules to vote customers' unvoted shares on routine matters, which includes the election of directors. Accordingly, if a brokerage firm votes your shares on these matters in accordance with these rules, your shares will count as present at the annual meeting for purposes of establishing a quorum and will count as yes votes or no votes, as the case may be, with respect to all routine matters voted on at the annual meeting.

ELECTION OF DIRECTORS

(Item 1)

Board of Directors

Our board of directors currently has 11 members. The directors are divided into three classes with the directors in each class serving a term of three years. Directors for each class are elected at the annual meeting of shareholders held in the year in which the term for their class expires. At the annual meeting on January 24, 2003, four nominees for director are to be elected to serve on our board of directors. Three of the nominees will be elected to serve until the annual meeting in 2006, or until their successors are qualified and elected. One of the nominees will be elected to fill a vacancy in the class of directors whose term expires at the annual meeting in 2005, or until his successor is elected and qualified. Our directors must retire when they reach the age of 72, although they may continue to serve until the next annual or special meeting of shareholders at which directors are to be elected. Two of our directors, Mrs. Lou Brown Jewell and Mr. Bradley Currey, Jr., will retire as directors at this year's annual meeting. Following the retirement of Mrs. Jewell and Mr. Bradley Currey and the election of the four nominees, our board of directors will have 10 members. Following the annual meeting of shareholders our board of directors intends to reduce the size of the board to 10 members. Our board is authorized to increase the size of the board thereafter and our board is authorized to fill the vacancies created. Any such directors elected by the board in this manner will stand for re-election at the next annual meeting of shareholders after their election even if that class of directors is not subject to election in that year.

We do not believe that any of the nominees for director will be unwilling or unable to serve as director. However, if at the time of the annual meeting any of the nominees should be unwilling or unable to serve, proxies will be voted as recommended by the board of directors either:

to elect substitute nominees recommended by the board,

to allow the vacancy created to remain open until filled by the board, or

to reduce the number of directors for the ensuing year.

In no event, however, can a proxy be voted to elect more than four directors.

Recommendation of the Board of Directors

The board of directors recommends a vote FOR John D. Hopkins, James W. Johnson and James A. Rubright to hold office until the annual meeting of shareholders in 2006, or until their successors are qualified

and elected. The board of directors also recommends a vote FOR Russell M. Currey to hold office until the annual meeting in 2005, or until his successor is elected and qualified. Proxies returned without instructions will be voted for these nominees.

Pension Plan

Only covered employees are eligible to participate in our pension plan. A covered employee is one of our or our participating subsidiaries employees who is not:

a leased employee,

eligible to participate in any other defined benefit plan maintained in whole or in part by contributions from an Affiliate (as defined in the pension plan), or

a member of a collective bargaining unit that has not reached an agreement with us to participate in the pension plan.

A covered employee is eligible to begin to participate in our pension plan on the first entry date that follows completion of 12 months of service in one, or more than one, period of employment (as defined in the pension plan) and upon reaching age 21.

Our pension plan was amended effective as of January 1, 1998 to add a new benefit formula. For each calendar year after 1997, the new benefit formula equals 1.2% of a participant's compensation (as defined in the pension plan) plus .5% of a participant's compensation in excess of 50% of the social security wage base for each such calendar year (as such base is announced by the Internal Revenue Service). This new formula produces a benefit calculated at a participant's normal retirement age as an annuity payable only for the life of the participant. The amendment to our pension plan also froze the benefit, if any, accrued for each participant (except the grandfathered participants, none of whom now are named executive officers) as of December 31, 1997 under the old four part benefit formula in effect on that date, which we refer to as the old benefit formula. Thus all participants (except the grandfathered participants) will receive a benefit at retirement equal to the sum of their benefit accrued as of December 31, 1997 under the old benefit formula and their benefit accrued after that date under the new benefit formula.

Under our pension plan, compensation for salaried employees is defined as base pay. Therefore, it does not include any bonuses, overtime, commissions, reimbursed expenses of any kind, severance pay, income imputed from insurance coverage or the like, or payments under the pension plan or any other employee benefit plan or any income from a stock option. No employee's compensation for purposes of the pension plan includes amounts in excess of the compensation limit under the Internal Revenue Code of 1986, as amended, which we will refer to as the Code. This limit is periodically adjusted for inflation by the Secretary of the Treasury and this limit, as adjusted, was \$200,000 for calendar year 2002 and will be \$200,000 for calendar year 2003.

An employee's right to benefits under our pension plan vests after five years of service or at normal retirement age, whichever is earlier. The plan is a defined benefit plan qualified under the Code and, as such, is subject to a limitation under the Code on the amount of benefits which may be paid to a participant each year under the plan.

Our supplemental executive retirement plan, or SERP, is designed to supplement a participant's benefit under our pension plan for a relatively small number of participants. The SERP benefit currently is based exclusively on a participant's base salary below a compensation cap, and the SERP benefit is paid in the same form and at the same time as a participant's benefit is paid under our pension plan. The SERP as currently in effect is designed to make up for the loss in benefits a participant will receive under our pension plan as a result of the reduction in the Code compensation limit in 1994 from \$235,840 to \$150,000, as indexed thereafter for inflation. Currently, there are 15 active employees who participate in the SERP.

The compensation and options committee of our board of directors approved amendments to the SERP on November 25, 2002, and these amendments will be effective January 1, 2003. Under the amended SERP there will be three benefit levels effective January 1, 2003, which we will refer to as level 1, level 2 and level 3, but no benefit will be paid under level 1, 2 or 3 to a participant if a participant is not eligible for a vested benefit under our pension plan. The compensation and options committee determines who will participate in the SERP and the benefit level for such participation. Benefit level 1 will be the level currently in effect under the SERP, which is a benefit based on a participant's base salary below a compensation cap. Benefit level 2

will be the same as benefit level 1 except that the benefit a participant earns after calendar year 2002 will be based on all of the participant's base salary and bonus paid after calendar year 2002. Six of our active employees, including our named executive officers other than our chief executive officer, will participate in the SERP at benefit level 2.

Benefit level 3 will provide a benefit to a participant which, when added to the participant's other deferred compensation benefits from us, will be 3.58% of a participant's final average pay for each year of service up to 12 years of service. A participant's final average pay will be the participant's average base salary and bonus for the five year period immediately preceding the participant's termination of employment, and the benefit under level 3 will take into account the participant's benefit payable under our pension plan, the benefits attributable to our matching contributions under our 401(k) plans and the participant's primary social security benefit. Currently only our chief executive officer will participate in the SERP at benefit level 3.

In the event of a change in control in our company, a participant in the SERP at benefit level 3 will receive any vested accrued benefit if the participant is under age 60. If the benefit level 3 participant is age 60 or older at the time of the change in control, the participant will receive a vested accrued benefit such that the participant's total retirement benefits equal 43% of the participant's final average pay at the time of the change of control.

Assuming level compensation, the estimated annual benefit payable at the normal retirement age under our pension plan and our SERP for Messrs. Dreibelbis, George, Voorhees and Einstein is \$210,000, \$174,000, \$122,000 and \$69,000, respectively.

The table below shows the annual retirement benefits payable under our pension plan and the SERP for Mr. Rubright. For calendar year 2002, Mr. Rubright's compensation for purposes of the SERP was \$1,022,995. As of September 30, 2002, Mr. Rubright had approximately 3 years of service under our pension plan and our SERP.

REPORT OF THE AUDIT COMMITTEE

The audit committee, which operates under a written charter adopted by our board of directors, oversees our company's financial reporting process on behalf of the board of directors. Our management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the audit committee reviewed and discussed the audited financial statements to be included in the annual report on Form 10-K for the year ended September 30, 2002, with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The committee discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our company's accounting principles and such other matters as are required to be discussed with the audit committee under generally accepted auditing standards. In addition, the audit committee has discussed with the independent auditors the auditors' independence from management and our company including the matters in the written disclosures required by the Independence Standards Board.

The audit committee discussed with our company's internal and independent auditors the overall scope and plans for their respective audits. The audit committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our company's internal controls, and the overall quality of our company's financial reporting. The audit committee held six meetings during fiscal 2002. Each of the members of the audit committee is independent from our company.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors (and the board approved) that the audited financial statements be included in the annual report on Form 10-K for the year ended September 30, 2002 for filing with the Securities and Exchange

Commission. The audit committee has also selected Ernst & Young LLP to serve as our company's independent auditors for fiscal 2003.

John Spiegel, audit committee chairman
G. Stephen Felker, audit committee member
Stephen G. Anderson, audit committee member

Audit Fees. Our company has been billed a total of approximately \$639,500 by Ernst & Young LLP, our independent auditors, for professional services rendered for the audit of our annual financial statements for the fiscal year ended September 30, 2002 and the reviews of interim financial statements included in our quarterly reports on Form 10-Q for that fiscal year.

Financial Information Systems Design and Implementation Fees. Our company has not been billed any amount for professional services rendered by Ernst & Young LLP in connection with financial information systems design and implementation services during the fiscal year ended September 30, 2002.

All Other Fees. Our company has been billed a total of approximately \$552,100 for all other services rendered by Ernst & Young LLP during the fiscal year ended September 30, 2002 that are not set forth above. These services included acquisition due diligence, benefit plan audits, accounting for derivative transactions, fixed asset analysis and compensation consulting. During the fourth quarter of fiscal 2002, the audit committee of our board of directors authorized Ernst & Young LLP to perform the following non-audit services, provided that the total cost of such services does not exceed \$50,000 without the prior approval of the audit committee:

a review of our corporate tax return for fiscal year ended September 30, 2002, and

to provide general accounting advice relating to accounting issues.

The audit committee considered the effects that the provision of non-audit services may have on the auditors' independence.

The foregoing report should not be deemed incorporated by reference by any general statement by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

REPORT ON EXECUTIVE COMPENSATION

During fiscal 2002, the compensation and options committee consisted of Mrs. Lou Brown Jewell and Messrs. L.L. Gellerstedt, III, John D. Hopkins and James W. Johnson. The compensation and options committee is responsible for:

establishing salaries, bonuses and other compensation for our chief executive officer and our other top twelve executives, and

administering our equity incentive plans, employee stock purchase plan, supplemental executive retirement plan and annual executive bonus program.

Mr. Rubright, our chief executive officer, was responsible for establishing the salaries for all of the other officers.

The compensation and options committee has reviewed the applicability of Section 162(m) of the Internal Revenue Code of 1986, as amended by the Omnibus Budget Reconciliation Act of 1993. Section 162(m) may in certain circumstances deny a federal income tax deduction for compensation to an executive officer in excess of \$1 million per year. One executive officer may be paid compensation during fiscal 2003 that exceeds \$1 million depending on the aggregate value of any restricted stock that vests.

Compensation Policy. Our executive compensation policy is designed to attract, retain and motivate executive officers to maximize our performance and shareholder value by:

providing base salaries that are market-competitive;

rewarding the achievement of our return over capital cost objectives, our safety and customer satisfaction goals, and certain business plan objectives; and

creating stock ownership opportunities to align the interests of executive officers with those of shareholders.

Base Salary. Each executive officer's base salary, including each named executive officer's base salary and the chief executive officer's base salary, is determined based upon a number of factors including the executive officer's responsibilities, contribution to the achievement of our goals and objectives, demonstrated leadership skills and overall effectiveness, and length of service. Base salaries are also designed to be competitive with those offered in the various markets in which we compete for executive talent and are analyzed with a view towards desired base salary levels over a three- to five-year time period. Each executive officer's salary is reviewed annually and although these and other factors are considered in setting base salaries, no specific weight is given to any one factor. During fiscal 2002, the base salary of each of our named executive officers, excluding our chief executive officer, increased from 8.9% to 9.4% over each such executive officer's fiscal 2001 base salary. During fiscal 2002, the base salary of our chief executive officer increased 9.3% over his fiscal 2001 base salary. The committee based our chief executive officer's base salary increase on a variety of criteria, including the performance of our company, as well as comparative compensation data of chief executive officers of companies similarly situated and of those within our industry.

Cash Bonuses. Each of our executive officers, including our chief executive officer, is eligible to receive an annual cash bonus. Our cash bonus program is designed to motivate key managers and sales people as well as executive officers and reward the achievement of specific goals and objectives. Under our bonus plan, in fiscal 2002, our named executive officers were eligible to earn a cash bonus ranging from a maximum of 65% to 100% of their respective base salaries to the extent we achieved certain specified return over capital cost objectives, our safety and customer satisfaction goals, and certain specific objectives established by the compensation committee. During fiscal 2002, under this plan, our named executive officers, excluding our chief executive officer, earned bonuses ranging from 16.8% to 52.7% of their respective base salaries. During fiscal 2002, under this plan, our chief executive officer earned a bonus that was 50.4% of his base salary.

Stock Options and Restricted Stock. The grant of stock options and restricted stock is designed to align the interests of executive officers with those of shareholders in our long-term performance. Stock options granted have exercise prices equal to the fair market value of the underlying shares on the date of grant so that compensation is earned only through long-term appreciation in the fair market value of the underlying shares. Stock options are generally granted on an annual basis if warranted by our growth and profitability and individual grants are based on, among other things, the executive officer's responsibilities and individual performance. To encourage an executive officer's long-term performance, commencing with grants in fiscal 1994, stock options generally vest over three years and terminate ten years after the date of grant. On May 10, 2002, each of our named executive officers, excluding our chief executive officer, received stock option grants in respect of fiscal 2002 to purchase 30,000 shares. On May 10, 2002, our chief executive officer received stock option grants in respect of fiscal 2002 to purchase 75,000 shares. In accordance with the provisions of our 2000 Incentive Stock Plan, on May 10, 2002 we made restricted stock grants of 8,000 shares to each of our named executive officers, excluding our chief executive officer, which are fully votable by the grantees as of that date. In accordance with the provisions of our 2000 Incentive Stock Plan, on May 10, 2002 we made a restricted stock grant of 30,000 shares to our chief executive officer which are fully votable by him as of that date. Unless vested (pursuant to net income performance criteria) or forfeited (e.g., by termination of employment) at an earlier date, the shares will vest in one-third increments on, and may not be transferred before, May 10, 2005, 2006 and 2007, respectively. These restricted stock grants were intended to fulfill the purpose of our 2000 Incentive Stock Plan which is to provide additional incentives to our key employees through the award of the

shares, thereby increasing their personal stake in our continued success and growth and to encourage them to remain with our company.
