ALSTOM COMPLETES THE SALE OF ITS TRANSMISSION AND DISTRIBUTION ACTIVITIES TO AREVA

ALSTOM and Areva signed a binding agreement for the sale and purchase of ALSTOM's Transmission & Distribution (T&D) businesses on 26th September 2003.

Pursuant to the authorisations received from the European Commission and from the US anti-trust authorities, ALSTOM has now completed the sale of virtually all of its T&D activities to Areva. These transactions cover the sale of businesses in some 40 countries, which represent 95% of ALSTOM's T&D activities. The transfer to Areva of the remaining T&D activities will be progressively completed once the relevant local regulatory and other authorisations are obtained.

The enterprise value of 950 million has been adjusted, as previously agreed, on the basis of working capital and other cash related movements between signing and completion of the transaction. The provisional estimate of these adjustments is 30 million.

ALSTOM has received total net cash proceeds of 815 million, and a further 105 million has been paid to an escrow account by Areva. The escrowed amount is expected to be released during the first half of calendar year 2004, as the remaining T&D activities are transferred to Areva and the 31st of December 2003 audited accounts of T&D are finalised.

Pending their transfer to Areva, ALSTOM will continue to manage its remaining T&D activities in consultation with Areva.
