I would like to share some exciting news. As you may have heard by now, we have made an offer to acquire Airgas. This action is consistent with our North American and Global Merchant strategy that was introduced to you during the FY 10 goal cascade. As you remember, the four themes of our North America Gases strategy are:

1. Strengthen Market Segment Portfolio Management to Enhance our LBU Execution
2. Redefine Principles of Low-cost
3. Integrate Tonnage and Liquid/Bulk Businesses through Work Process
4. Become a Fully Integrated Supplier

This transaction will allow us to execute on the fourth theme and become a fully integrated supplier, as well as the largest industrial gas company in North America and one of the largest globally.

While we are very excited about this news, please remember that we are not announcing a completed transaction today; this is only the first step in what may prove to be an extended process. We realize that you will be asked a lot of questions about the transaction and we urge you to not speculate. Instead, please refer them to the company's website ([www.airproducts.com](http://www.airproducts.com)) as it will have the most current information. Direct any media inquiries to Corporate Communications (610-481-4697).

Our past performance has allowed us to earn the right to invest in this business. Therefore, during this process, we need to continue focusing on running our business, serving our customers and pursuing all opportunities to grow.

Today, John McGlade is going to conduct a webcast at 10am EST, and I encourage you to participate.

Please don't hesitate to call your manager if you have any questions.

Sincerely,

/s/ Tom Ward
